## ANTIOCH FAIR LISTS \$2,000 IN PREMIUMS

Twelfth Annual Show to Be  
Staged at High School,  
October 3-4-5

The \$2,000 in premiums to be awarded at the twelfth annual Antioch Country Fair exhibits October 3-4-5, have been listed in a book which is being mailed to ruralists throughout the county this week. It is announced by Emmet W. King of Wadsworth, secretary of the association.

The awards have been increased \$500 over last year's premiums with nearly \$700 in amount offered in the poultry and pigeon class.

Was Poultry Show

As the Antioch Fair is the only State fair in Lake county, the entry list has been rapidly growing each year since its outgrowth from the Antioch Poultry association's exhibits in 1930. It was founded in the fall of 1924 when a group of men interested in the development of the poultry industry met in Antioch and organized the poultry association. C. L. Kutt, instructor of the vocational agricultural department at the Antioch Township high school was elected president and Dr. G. W. Jensen, Antioch veterinarian, the secretary.

Early in June, 1930, D. H. Minto, of Antioch, as president, and Kutt as secretary, appeared before the Lake County Board of Supervisors requesting that the Antioch Fair be designated to receive state appropriations to conduct an agricultural fair in the county. Following the granting of the request, the state appropriations have been made and the fair has enjoyed the unique distinction of never losing money during its eleven years of existence.

Has 10 Competitive Classes

In addition to the poultry department, which is under the supervision of Bert Edwards of Antioch, and lists premiums this year to the amount of \$691.25, there are nine other classes. The other classes, their supervisors, and amount offered in premiums are:

Dairy cattle, Kenneth Denman of Lake Villa, \$228; rabbits and fur-bearing animals, Lloyd Atwell of Lake Villa, \$180; agricultural products, Charles Paddock of Antioch, \$224.75; horticulture, Kenneth Hills of Antioch, \$55.75; floriculture, Ralph McGuire of Lake Villa, \$147.50; fine arts, Miss Lottie Jones of Antioch, \$124.75; domestic arts, Mrs. Clarence Crowley of Antioch, \$188.50; pantry stores, Mrs. Frieda Wertz of Antioch, \$195.50; education, County Superintendent of Schools W. C. Petty of Antioch, \$104.

Announce Rules, Regulations.

Exhibitors must have their entries in place by Thursday, October 3, at 6:00 p. m., unless otherwise provided for in some of the departments. The fair's rules and regulations state: No entries can be removed until Saturday, October 5, at 11:00 p. m. Any first place winner at the Antioch Fair in 1934 cannot show the same article this year. Most entries must be in Secretary King's hands by September 23, although some classes are due September 21.

With the payment of the annual fee of \$1, exhibitors are entitled to exhibit up to 10 entries and to a season pass which permits admission to the grounds at any time. An additional fee of 10 cents per entry will be charged for each additional exhibit above the first ten. Judging will begin at 9 o'clock Friday morning of the fair days.

On High School Grounds

As the Antioch Fair has been an outgrowth of several activities centered around the township high school, it is naturally still being held on the school grounds, the association officers explain.

The present officers of the association are: D. H. Minto, president; Harrie Tillotson, vice president; Bert Edwards, treasurer; Emmet King, secretary; and Charles Paddock, director.

## W. F. Barber, Former Antioch Citizen, Dead

William Fred Barber, who was born in Antioch 67 years ago, died at his home in Chetek, Wis., Thursday, September 5, after a lingering illness of two years. He was a charter member of the Antioch lodge of Modern Woodmen of America, moving from the community about 31 years ago to his late home.

Mr. Barber was the son of Harlow and Mary Barber, pioneer residents of Antioch and is survived by his wife, Lena Wright Barber, formerly from Sand Lake; a son, Frank, of Antioch; a daughter, Mrs. Truman Neuman of Chetek; two brothers, Chas. and Charles, of Chicago; and seven grandchildren.

## Chicago Manx to Meet at Coole Home Sunday

The Chicago Manx Society will hold a basket picnic and outing Sunday at the home of Mr. and Mrs. Thomas Coole, at Leona Lake, according to Arthur Shimmie, chairman of the committee, of Chicago, who sent cards to all members of the society and issued an invitation welcoming all persons of Manx nationality.

Mr. Coole, now 87 years old, recently returned from a voyage to his native Isle, attending the annual convention of the American Manx Society at Cleveland, Ohio, on his way home. Coole's friends vouch for the statement that he has been working every day since his return getting his premises ready for the picnic Sunday, and that part of his labor consisted of painting his residence which required that he stand on a ladder for many hours each day, sometimes at a height of 22 feet.

## LEGIONNAIRES ELECT FRANK B. HATTREM AS POST COMMANDER

In a special meeting Thursday members of the Antioch American Legion Post elected Frank T. Hattrem of Antioch as Post Commander for the ensuing year following the recent resignation of Commander-elect Joseph C. Smith of Leona Lake who was elected to succeed Commander Otto S. Klass at the regular election on August 1.

In his resignation Smith pointed out that in the near future he intends to move from the vicinity and would be unable to fill the honored position. Although it is customary in the post to elevate each officer one position higher when a vacancy occurs, the Senior Vice-commander and Junior Vice-commander declined to take the advancement at this time and asked that the special election be held.

Commander-elect Smith, who automatically became a delegate with the Commander to the state convention at Quincy, was Antioch's representative at the convocation as the Legion Festival kept Commander Klass in town.

With committees appointed from the Legionnaires and the Auxiliary, it is the intention of the group to hold a public installation on Thursday, September 19. The Legion charter is to be draped for 30 days in memory of Comrade Harold J. Tucker, who died of a heart ailment in Veteran's hospital, Fort Snelling, Minnesota, last week.

## Grade School Team Prepares for Fall Baseball Campaign

Following a meeting of the Grade school athletic conference last week where the fall baseball schedule was arranged and the new officers were elected, the Antioch youngsters are preparing for their first game tomorrow (Friday) at Grayslake.

The conference consists of the grade schools in Antioch, Grayslake, Gurnee, Mundelein, Round Lake, Galva, Fox Lake and Lake Villa. William Sheehan of Mundelein was elected president for the 1935-36 term to succeed Ralph Chabough of Antioch and J. L. Miller of Galva will replace John Hodge of Fox Lake as secretary-treasurer of the conference. Carl Baylor of Grayslake was elected vice president.

The Antioch Grade school baseball schedule is: Sept. 15, Grayslake, there; Sept. 16, Mundelein, here; Sept. 20, Gurnee, there; Sept. 23, Lake Villa, here; Sept. 27, Round Lake, here; Sept. 30, Fox Lake, there; Oct. 4, Galva, here.

## Barney Ross Stops Gans in 2nd Round

Barney Ross of Chicago, welter-weight boxing champion of the world, who has been training in the Lakes region this summer, took less than two rounds to knockout Baby Joe Gans of Los Angeles in their match at Portland, Oregon, last week. Gans had a 10-pound weight advantage but Ross doubled up his opponent with a vicious left hook.

## McHenry High School Employs Gerald C. Reed

Gerald C. Reed, athletic coach and science instructor at the Antioch Township High school for five years, but for the past two years faculty member at the Fond du Lac, Wis., high school, has been employed by the McHenry Community High school.

## ZAHARIAS DRAWS WITH M'MILLEN IN HOT CONTEST

Plummer-Richards in Draw  
as Chicago Bears See  
Wrestlers

It all ended in a draw! That's the decision in the grapples between Antioch Jim McMillen vs. Crybaby George Zaharias and Waukegan Lou Plummer vs. Nebraska Ray Richards to close the wrestling season at the Round Lake Haunted House arena last Friday.

As an added attraction the entire cast of the Chicago Bears football team, headed by the greatest gridster of them all—Harold E. (Red) Grange—were on hand to root for Jungle Jim McMillen, who signs their pay check each month, and Richards, one of their teammates.

Crybaby Stops Tackles.

Everything in the wrestling book plus a lot of indelicate caresses that aren't in the book were used in the main bone-bending bout between Jimmie Mac and Boo-hoo Georgie with the principals ending up weaker than a cup of tea at a bartenders' picnic after the allotted 60 minute time limit.

Just before the final curtain, Jim launched a series of his famous flying tackles but the Greek sobber turned out to be one of the very few who are able to take them. Of course George weaved all over Referee Charlie Lavine's shoulder; but he likewise lived up to his press agent's lingo by proving why he rates in the top-ranking performer's bracket along with McMillen.

Lou Gets Plastered

The semi-windup was just another one of those browls the customers see when "I'm-the-Top" Plummer stooges for some kind of a tough guy and although the commissioners called it a draw, Richards had the Waukeganite stumbling for the ropes or hiding behind Referee Charlie's back most of the 30 minutes. When Ray did clamp a mitt on him, Lou resembled a rag doll in a Boston toy bull's clutch and on one occasion after hanging a fast one on Richards in the out-of-bounds region, the Nebraskan bounced Plummer all over the mat and outside the ropes at the ringsiders' feet with a fall like a comedian in a bedroom farce.

After the bout's conclusion, Lou John-Barrymored a few profiles for "his public" and challenged any five of the Bears, including the 260-pound George "Baby Face" Mueso, to climb into the ring. The massacre, however, never took place although the customers and Mueso were all in favor of it.

Bruns, Dahl Winners

Bobby Bruns of Lake Villa stood George Mack's dirty tactics for exactly 15 minutes in one of the prelims before knocking the Chicago Bohemian for the well-known shellacking. In the other prelim, Andy Dahl, a tackle on the 1934 University of Illinois football team, ruined the evening for Jack Zaravich in 8 minutes and 10 seconds, in the face of a mob of squawking relatives the Russian brought along to show what a great guy he was.

After the final, the lasties in the crowd, using a flying wedge formation, tackled Red Grange for his autograph. He wore out a couple of pencils before escaping, according to latest reports.

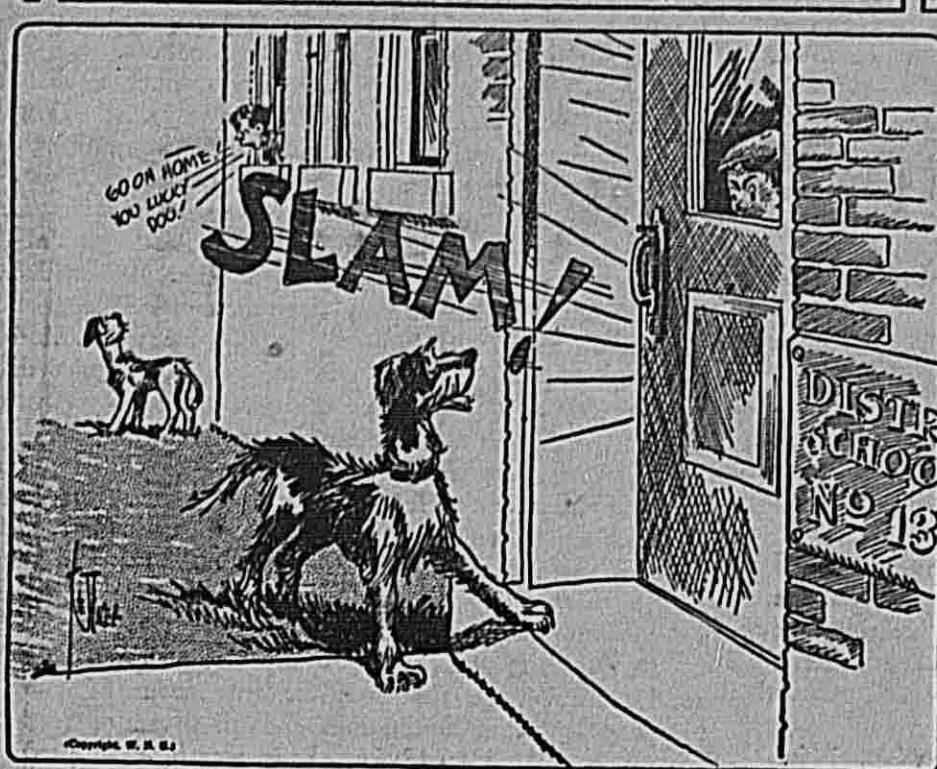

## Channel Lake P-T. A. Hold Dance Saturday for Pupils' Benefit

Members of the Parent-Teachers association of the Channel Lake rural school are presenting a benefit dance Saturday evening in the Channel Lake Pavilion the proceeds of which will go toward keeping the school in the Superior rating class. It is announced by Mrs. W. W. Ward of Channel Lake, president of the group. Proceeds from the benefit will be used immediately to inoculate the pupils against diphtheria and scarlet fever. An eleven piece orchestra has been imported from Chicago for the special occasion and card games are being arranged for those who do not choose to dance. The association members anticipate a large gathering and will open the affair at 8 o'clock, Mrs. Ward explained.

## Antiochan Has Fast Trip to Minnesota

In less than five days, Mrs. Irving Elms of Antioch attended the reunion of the Hanneman family in Paynesville, Minn., and returned home. She left Saturday, traveling by plane from Milwaukee to Minneapolis, and returned Wednesday evening by way of the stream-lined Hiawatha train on the Chicago, Milwaukee, St. Paul and Pacific line.

## The Parting of the Ways

## Legion Auxiliary to Hear Annual Reports at Year's Last Meeting

Annual reports of committee chairmen of the Antioch American Legion Auxiliary will be heard at the final meeting of the year to be held in Legion Hall tomorrow night, Friday, September 13. It was announced today by Mrs. Katherine Reinke, president of the organization. This will be the annual meeting of the Auxiliary and all members and committee heads are urged to be present. The group plans to hold a point installation of their newly elected officers with the American Legion in the near future.

## Automobiles Kill 1169 Individuals in State This Year

Automobile accidents were responsible for 1169 deaths in Illinois during the first seven months in 1935, records of the state department of health disclose. This figure represents a 164 improvement over the corresponding period of 1934, explains Dr. Frank J. Jirka, head of the department. July, with a death rate of 194, was the worst since 1931 when 200 were killed. May recorded 183 such deaths.

Accidents of all kinds were responsible for 320 deaths and only such diseases as heart impairment, cancer and nephritis, caused more deaths than those caused by accidents. The birth rate, however, was noticeably above the figures for the first seven month period of last year.

## Lake County Third in Tax Allotments

Lake county, receiving \$18,359.15 as its share of the motor fuel taxes for August, was surpassed only by Peoria and Cook counties in the state in net allotments, reports K. L. Ames, Jr., state finance director. The various counties in the state, including Lake, received \$743,349.55 for the month. The state held \$202,000 in reserve for interest and retirement of the \$20,000,000 emergency relief bond issue and \$41,590 for interest and retirement of the \$30,000,000 relief bond issue.

## Ruth Perry Chosen for 7th Grade Post at Antioch School

Miss Ruth Perry of Lake Villa was selected to fill the 7th grade vacancy created at the Antioch Grade school by the resignation of Miss Mildred Byrnes. It is announced by the board of education. The new teacher is at present employed in the Town Line school near Gurnee where she began her second year this fall and will assume her new position at the Grade school soon. Miss Perry, who was graduated from the Antioch Township high school, received her degree from Illinois College at Jacksonville, Ill.

## Choose Grand Jury List for October

Grand jurors for the October term of the circuit court were named this week by the Lake county board of supervisors as follows: John Shafar, Benton; H. G. Peterson, Zion; Michael Leable, Newport; William Thees, Lake Villa; Joseph Klaus and John Ehler, Antioch; Walter P. Dromey, Grant; Irving Hook, Avon; E. E. Marsh, Warren; Frank West, Sr., John Stanczak and Leroy Walsh, Waukegan; Charles A. Ruhl and Bert Fitzgerald, Shields; A. J. Mora, Libertyville; Lee Huson, Fremont; Arthur Monaghan, Wauconda; Leslie B. Niemeler, Cuba; August Buesching, Elia; Fred Priess, Vernon; Earl G. Sheahan and Joseph Carbonorgi, Deerfield; and P. J. Duffy, West Deerfield.

Mr. and Mrs. Geo. Dixon, of Eagle Lake, Wis., were guests of Mr. and Mrs. William Runyard Tuesday.

## MRS. ANNA DIBBLE DIES IN WAUKESHA; HOLD FUNERAL HERE

Mrs. Anna Dibble, 52, mother of Irving Elms of Antioch, died this morning (September 12) at Waukesha, Wisconsin, where she was undergoing treatments for diabetes from which she had been suffering for several months.

Mrs. Dibble, who lived in Antioch for many years, was born in Switzerland and came to live in the United States during her early girlhood. She is survived by her husband, Arthur; one son, Irving; one brother, August Hottinger of Chicago; and a grandchild, Louise.

Funeral services will be held Saturday from Strang's funeral home with burial in Hillside cemetery.

## Antioch Stars Ruin Wilmet Lads, 19-4

Antioch's All-Stars were busier than a guy with the ice cream soda concession in Hades pounding out 19 runs against the Wilmet firemen, who managed to get 4 tallies, at the Spring Grove softball pasture Monday night, as sort of a tuning-up preliminary for the Sloan Bread aggregation that makes a personal appearance in a twin bill on the Antioch Grade school diamond Sunday.

The satellites all took a tour of the premises in the third inning when 8 hits, 3 walks and 1 error put 10 runners on Antioch's side of the ledger. Again in the fifth they provided the Wilmet outfielders with some exercise to raise the total to 15 counters, and after loafing through the sixth with a lone run, climaxed the evening's romp with 3 more in the final inning.

The best the firemen could do against Pitcher Bill Keulman was single runs in the first, second, fifth and sixth, besides watching 8 strikeouts balls dodge their bats. The homerunners for the All-Stars were Bill Keulman with two and Al Keulman, Ed Sorenson and Steve Wasco with one apiece. Box score:

All Stars 0 0 10 0 5 1 3—19 21 2  
Wilmet 1 1 0 0 1 1 0—4 9 2

## Former Antioch Pastor in Germany

Adolph M. Krahl, director of public relations for the Pure Milk association, now touring European countries studying co-operative marketing, is now in Germany, according to a communication received by the News this week. "Warsaw is really Old Russia," the former Antioch pastor writes. "Russia in Moscow is not old—there are 20 big buildings within four blocks of the hotel. I saw people stand in line for ten minutes waiting for newspapers and there was no war scare either."

Mr. Krahl is accompanied by his wife.

## City Briefs

Mr. and Mrs. Lawrence Hoffman spent the week-end in Chicago at the home of their niece and husband, Mr. and Mrs. William Haworth, and attended a farewell party given in honor of their son, Harold, who left Chicago Tuesday, September 3rd, for Akron, Ohio, where he will take up his new duties as assistant manager of a Lyon & Healy music store there. Harold has been employed in Chicago by Lyon and Healy for the past five years.

Mr. and Mrs. Clarence Anderson spent Sunday in Chicago, the guest of Mrs. Anderson's brother-in-law, Mr. Arthur Hadlock, who is very ill.

## DAIRY FARMERS GIVEN NEW PLAN FOR MARKETING

Pure Milk Ass'n. Adopts  
New 90 Per Cent of  
Base Plan

The Pure Milk Association has adopted a new 90 per cent of base payment plan for its membership. It was officially revealed Tuesday by Association officials in announcing a drop in the Class 1 price paid producers for 3.5 milk from \$2.20 to \$1.75 effective September 1.

This action was taken in accordance with the recommendation of the Advisory Committee of the Association at a record meeting held in Chicago on August 30, when the Board of Directors was advised to adopt the plan and negotiate for price. The new scale:

(a) Payment to the milk producer of \$1.75 per hundred pounds for all 3.5 Class 1 milk sold by distributors buying milk from the Association.

(b) Payment of the condensery price to the producer for all milk delivered over Class 1 up to 90 per cent of established base.

(c) Payment to the producer the butterfat price plus four cents for all milk delivered over 90 per cent of established base.

Members who prefer to deliver just Class 1 needs to market may still do so; while producers that are not able to curtail their production are assured of a better price for their surplus milk above the Class 1 price and up to 90 per cent of their established bases.

With the drop in the Class 1 price paid to producers, cooperating distributors have announced a drop in the retail price of milk of one cent, and the establishment of a store differential of 9 cents a quart as compared with a wagon delivery of 10 cents a quart. Class 1 sales are expected to increase with the drop in price, being immediately effective, and with the schools opening and customers returning from vacations.

## Frank Moran, 58, Dead of Stomach Ailment at Salem

Frank Moran, 58, of Salem, Wis., died suddenly Thursday noon from a stomach ailment. He was born at Bristol on February 17, 1877 and has resided in Salem township for 40 years. Funeral services were held from Strang's funeral home in Antioch, Saturday afternoon, with the Rev. S. E. Pollock officiating. Interment was in Liberty cemetery.

Mr. Moran is survived by his widow, Mrs. Mabel Sibley Moran; two sons, Alvin and Ira of Liberty Corners; two sisters, Mrs. Amy Smith of Salem and Mrs. Minnie Christensen of Kenosha; and nine grandchildren. The pallbearers were: Messrs. James Walsh, Charles Oetting, William Mecklenburg, Harold Mickel, Clarence Sheen and Al Burdick.

## Lake Villa Gardener Awarded Sweepstakes in Big Flower Show

John Braun, gardener on the estate of Mrs. August Lehmann at Lake Villa, won the single bloom award and sweepstakes in the private estate and semi-professional gardener's event at the fall flower festival in the International amphitheatre at the Union Stockyards, Chicago, Sunday. Fifteen thousand individual exhibits of flowers were in competition at the show. It was sponsored by the Central States Dahlia society and the Chicago Men's Garden club. The attendance was recorded at 15,000.

## Chicago Man Buys Lake County Farm

J. W. Stewart of Chicago has just purchased the 160-acre farm near Prairie View which was owned by Sigrid V. and Carl E. Johnson. It is announced by Elmer E. Stults of the E. E. Stults Realty company of Chicago, who represented all parties concerned in the transaction. The property is situated at the southeast corner of Rts. 54 and 22.

## Hufendick Child Is Christened

Donna Jean Hufendick, five months old daughter of Mr. and Mrs. H. E. Hufendick, was christened at the family home at four o'clock Sunday. Rev. L. V. Sitter officiated at the ceremony held in the presence of 25 relatives of the parents.

Mrs. Norman Stewart and Mrs. Ruben Hesselgrave of Woodstock attended the funeral of their cousin, Mr. Fred Barber, Monday.

## WRESTLING---

(Continued from page 1)  
he must "get by" the Antioch giant before getting another title chance.

## Treat for Lake County

That explains why the Colorado Greek nob artist swaggared right into McMillen's own backyard with the challenge—much to the glee of the Lake County wrestling customers who have read Zaharias' press clippings regarding his ability as the nastiest, nastiest old meanie in the wrestling world.

Antioch Jim realized he has a tough customer to cool upon his return to ring warfare after a brief absence with his former teammates on the Chicago Bears football team which he helped train for the Bears-Alb-Stars game in Chicago's Soldier Field last week (incidentally the Bears won, 5 to 0), and expects to use all the stuff in his bag of tricks to win the bout.

## Plummer vs. Richards.

But the headline bout won't claim all the thunder—seems that Waukegan Lou Plummer has an appointment in the semi-windup with Ray Richards of Nebraska, another Chicago Bears football star.

These two gentlemen of the cauliflower sport will have 30-minutes to plaster each other with everything available, including the referee. Lou is still squawking, as usual, about his greatness and says he can beat any man in the world, with especial emphasis on Jim McMillen and Texas Dick Raines, both of whom have rocked him soundly to sleep. The Waukeganite declares Richards is merely a pushover, no competition, just a formality, or words to that effect.

The Nebraskan appeared in Lake County twice this season, flattening Hans Bauer of Germany in a startling 40 seconds, and parking rowdy George Mack, the Chicago Bohemian, among the sweet peas in 12 minutes. Richards said nothing except that he was pleased to meet Gentleman Lou Plummer. Promoter Les White will likewise provide two prelims to what will be the last outdoor wrestling show of the season.

Good Feed Supply  
Reduces Need for  
Late Cut Alfalfa

With supplies of feed, especially good roughage, plentiful in Illinois this year, there is no necessity of injuring alfalfa stands by late cutting, declared J. J. Pieper, crop production specialist at the College of Agriculture, University of Illinois. To avoid winter injury to their alfalfa, Illinois farmers should not cut hay crops later than six weeks before the first killing

## AMUSEMENTS

Garbo-March Star  
in "Anna Karenina"  
at Kenosha Sunday

Greta Garbo and Fredric March together in a picture for the first time, feature "Anna Karenina" which begins a four-day run at the Kenosha theatre Sunday in what critics believe to be the best picture of the year. Along with these two great picture stars will be Freddie Bartholomew, the lad who played the stellar role in "David Copperfield," who is cast as Greta's son. Maureen O'Sullivan and Basil Rathbone are two headliners in the supporting cast.

County Taxpayers  
Remit \$3,532,204  
Before Labor Day

Lake County property owners paid \$3,532,204 current and back taxes up to September 1, according to data compiled in the county treasurer's office. Of the total up to the penalty day of September 1, \$3,332,204.81 was for current taxes on the \$4,655,914.39 extended on the 1934 property valuation of \$87,291,895 in the county. This amounts to 73 percent of the extended current taxes. The other \$200,000 was for payment of delinquent taxes. The taxes collected to date, however, is 4 percent below the 1934 figures.

Among the visitors at the Elkhorn fair Tuesday were Mr. and Mrs. W. A. Rosing and daughter, Hilma, Mrs. W. W. Warriner and daughter, Betty, Mr. and Mrs. Oliver Mathews, Lee Burnette, and Mr. and Mrs. R. L. Murrie.

## The Last Duel

No definite information is available on the date and place of the last duel in this country. A bill prohibiting dueling in the District of Columbia was passed in 1839 and since the Civil war stringent laws have been passed in all the states against dueling. The practice became obsolete in this country decades ago, but it was a gradual disappearance and no doubt many duels were fought secretly even after the passage of some of the state laws.

For northern Illinois the average date for the first killing frost is about October 16, which means that alfalfa should not be cut later than the first week of September. Frosts have occurred as early as September 14 in the northern section, but such early frosts are the exception, and most alfalfa will be safe if not cut after the first week in September, Pieper said.

## MARRIAGE MILL---

(continued from page 1)  
that the license costs more "after office hours," Hendee explained: "Well, if a man has to get up during sleeping hours, naturally he ought to get paid for his effort. I usually charge two or three dollars extra for night service, depending upon how sleepy I am."

## County Offers Best Service

The clerk likewise revealed that "we offer service that few cities do. Couples don't have to stand around in line here the way they do in Chicago, they can avoid publicity if they want to and they can get married at any hour of the day or night. Many Chicagoans who are unable to get married by day come here for night service."

It is pointed out that Waukegan is just about half way between Chicago and Milwaukee and gets the wedding trade from both cities, despite some competition from smaller Illinois towns west of Chicago.

"Most of the couples are from Wisconsin," said the clerk. "Sixty-five percent admit they are from Wisconsin and I think probably some who say they are Chicagoans are really from over the state line. There is a law in Wisconsin requiring couples to make application five days before they receive their licenses."

## Keen J. P. Competition

But putting aside the monopolistic position of the county clerk's "cut" in the marriage mill, the article describes the heavy competition among the justices of the peace in the "tying up" department. It introduces the readers to Henry F. Wallenwein, J. P., former prize-fighter and ex-manager of Kingfish Levinsky, the Chicago Maxwell st. fish peddler who was shellacked recently by Joe Louis.

Justice Wallenwein, according to his records, has spliced some 15,000 couples, averaging about 2,600 marriages annually. This gives him a slight edge over his closest business rival, Michael J. Haney, and considerable margin over the third placer, the appropriately named Justice Bert S. Love whose business slogan is "Let Love Unite You."

Justice Haney started the tough competition by dropping into restaurants at late hours for "cups of coffee," where cab drivers would ferry "prospects" to contact him. If the deal was completed, the cab hustler would get a commission on the marriage fee. Soon Haney nearly cornered the market by increasing his staff of energetic hustlers until Wallenwein made his office all night.

Specials for Couples Today!  
Justice Wallenwein's business took another leap after that and attempted to lure the couples into his ceremonies with special offers. For instance, he published an offer to marry any couple free during leap year if the girl would file an affidavit that she was the one who did the proposing. Another offer was a free wedding to any couple who would get married on the thirteenth of the month, declaring that "if they will face the number thirteen hoo-doo," he was willing to be a party to it "by marrying them for nothing."

The main reason described in the article for Waukegan's unemployed not being too depressed by the depression was attributed to turning into "marriage mill hustlers." They met trains for prospects, drove their "prospects" to jewelers for rings, to doctors for health certificates, to the florists for flowers, to the marriage license bureau, to the justice, and so forth. The hustler got his commission at each stopping place.

But in spite of the city's ordinance against "street solicitation of bridal couples" business and commissions go along today with hardly less alacrity than during the boomiest days.

Regarding "sin marriages" the article has this to say:  
"Another complaint frequently heard of late is that unscrupulous

**Radium Salts for Healing**  
Strange to say, it is not the pure elemental radium that is sold and bought. This, a white, glistening solid, visible in the dark, was first prepared only after the greatest difficulty in 1910 by Madame Curie. Fortunately it is not radium metal that is necessary for cancer treatments. In hospitals, it is grayish salt of radium, that looks like dirty table salt, which is used; radium bromide, perhaps, which contains chemically combined about 64 per cent of radium, or it may be radium sulphate. From the radium, speed extremely penetrating rays, more penetrating than X-rays, destroying morbid cancer cells, feroic tumors and birthmarks.

**Being Proficient, Efficient**  
Proficient and efficient are almost interchangeable, but not quite. Proficiency denotes skill, as does efficiency. But the latter introduces an element of mental capacity not connoted by the former. To illustrate: Two workmen may be equally proficient, equally facile with their tools. They are given identical jobs. One arranges his tools orderly, so that there will be no lost time in the performance of the job; the other mislays his tools and loses much time in finding them. The first is efficient; the second is not. Similarly, a woman may be a proficient, a capable housekeeper; but not nearly as efficient as she would be with modern mechanical aids.—Literary Digest.

justices marry drunken couples, disregarding the obligations of their office in their frantic scramble for money. Other critics go farther with the idea, saying that any young blade with an edge on knows that he can take a girl slightly primed or solidly plastered, to one of the marriage salons and there, after much 'I do' about nothing, be married for from \$5 up.

"It's not true," says County Clerk Hendee, "as far as I know. Couples can't get married without a license and if they are married in this county they must get a license from me. I have never issued a license to a couple under the influence of liquor. It is possible that some couples get drunk after they leave me with their license and are married drunk, but I know I never have given a license to any couple who in my opinion appeared intoxicated."

"The Waukegan justices of the peace also deny marrying any drunken couples, yet frequently in recent years brides who eloped to wake up

the next morning sadder and wiser have complained about the justices' lack of scruple. One bride said she was awakened one morning after by a man beating her. When she protested, so she said, the man announced he was her husband and had a perfect right to beat her.

"All such efforts by brides to blame the marriage-mongers for their indiscretions Justice Wallenwein labels 'just a cheap way of trying to get an annulment.'"

So what? Or something!

## You're Both Buyer and Treasurer, Mr. Farmer

You run every department of your business yourself. Thus you are a whole business enterprise in one man. Two of your important jobs are buyer and treasurer. In both these jobs your "right hand man" is your farm telephone. As treasurer you'll appreciate the many services your telephone performs at such low cost, and the savings and profits it brings. As buyer you can search the markets by telephone for the best "buys" in supplies, feed, seed, clothing, groceries, tools and other needs. Your telephone never is too tired to run another errand. Simply as a protection for family, home and property it is worth far more than its small cost. And it shows a profit in dollars and cents as well. It pays to have a telephone. Order today.

## ANTIOCH FAIR LISTS \$2,000 IN PREMIUMS

Twelfth Annual Show to Be  
Staged at High School,  
October 3-4-5

The \$2,000 in premiums to be awarded at the twelfth annual Antioch County Fair exhibits October 3-4-5, have been listed in a book which is being mailed to ruralists throughout the county this week. It is announced by Emmet W. King of Wadsworth, secretary of the association. The awards have been increased \$500 over last year's premiums with nearly \$700 in amount offered in the poultry and pigeon class.

Was Poultry Show

As the Antioch Fair is the only State fair in Lake county, the entry list has been rapidly growing each year since its outgrowth from the Antioch Poultry association's exhibits in 1920. It was founded in fall of 1924 when a group of men interested in the development of the poultry industry met in Antioch and organized the poultry association. C. L. Kutt, instructor of the vocational agricultural department at the Antioch Township high school was elected president and Dr. G. W. Jensen, Antioch veterinarian, the secretary.

Early in June, 1930, D. H. Minto, of Antioch, as president, and Kutt as secretary, appeared before the Lake County Board of Supervisors requesting that the Antioch Fair be designated to receive state appropriations to conduct an agricultural fair in the county. Following the granting of the request, the state appropriations have been made and the fair has enjoyed the unique distinction of never losing money during its eleven years of existence.

Has 10 Competitive Classes  
In addition to the poultry department, which is under the supervision of Bert Edwards of Antioch, and lists premiums this year to the amount of \$691.25, there are nine other classes.

The other classes, their supervisors, and amount offered in premiums are: Dairy cattle, Kenneth Denman of Lake Villa, \$228; rabbits and fur-bearing animals, Lloyd Atwell of Lake Villa, \$81.80; agricultural products, Charles Paddock of Antioch, \$224.75; horticulture, Kenneth Hills of Antioch, \$55.75; floriculture, Ralph McGuire of Lake Villa, \$147.50; fine arts, Miss Lottie Jones of Antioch, \$124.75; domestic arts, Mrs. Clarence Crowley of Antioch, \$188.50; pantry stores, Mrs. Frieda Wertz of Antioch, \$195.50; education, County Superintendent of Schools W. C. Petty of Antioch, \$104.

Announce Rules, Regulations.  
Exhibitors must have their entries in place by Thursday, October 3, at 5:00 p. m., unless otherwise provided for in some of the departments, the fair's rules and regulations state. No entries can be removed until Saturday, October 5, at 11:00 p. m. Any first place winner at the Antioch Fair in 1934 cannot show the same article this year. Most entries must be in Secretary King's hands by September 28, although some classes are due September 21.

With the payment of the annual fee of \$1, exhibitors are entitled to exhibit up to 10 entries and to a season pass which permits admission to the grounds at any time. An additional fee of 10 cents per entry will be charged for each additional exhibit above the first ten. Judging will begin at 9 o'clock Friday morning of the fair days.

On High School Grounds  
As the Antioch Fair has been an outgrowth of several activities centered around the township high school, it is naturally still being held on the school grounds, the association officers explain.

The present officers of the association are: D. H. Minto, president; Harrie Tillotson, vice president; Bert Edwards, treasurer; Emmet King, secretary; and Charles Paddock, director.

### W. F. Barber, Former Antioch Citizen, Dead

William Fred Barber, who was born in Antioch 67 years ago, died at his home in Chetek, Wis., Thursday, September 5, after a lingering illness of two years. He was a charter member of the Antioch lodge of Modern Woodmen of America, moving from the community about 31 years ago to his late home.

Mr. Barber was the son of Harlow and Mary Barber, pioneer residents of Antioch and is survived by his wife, Lena Wright Barber, formerly from Sand Lake; a son, Frank, of Antioch; a daughter, Mrs. Truman Neuman of Chetek; two brothers, Chauncey of Chetek, and Charles of Chicago; and seven grandchildren.

## Chicago Manx to Meet at Coole Home Sunday

The Chicago Manx Society will hold a basket picnic and outing Sunday at the home of Mr. and Mrs. Thomas Coole, at Loon Lake, according to Arthur Shimmmin, chairman of the committee, of Chicago, who sent cards to all members of the society and issued an invitation welcoming all persons of Manx nationality.

Mr. Coole, now 87 years old, recently returned from a voyage to his native Isle, attending the annual convention of the American Manx Society at Cleveland, Ohio, on his way home. Coole's friends vouch for the statement that he has been working every day since his return getting his premises ready for the picnic Sunday, and that part of his labor consisted of painting his residence which required that he stand on a ladder for many hours each day, sometimes at a height of 22 feet.

## LEGIONNAIRES ELECT FRANK B. HATTREM AS POST COMMANDER

In a special meeting Thursday, members of the Antioch American Legion Post elected Frank T. Hattrem of Antioch as Post Commander for the ensuing year following the recent resignation of Commander-elect Joseph C. Smith of Loon Lake who was elected to succeed Commander Otto S. Klass at the regular election on August 1.

In his resignation Smith pointed out that in the near future he intends to move from the vicinity and would be unable to fill the honored position. Although it is customary in the post to elevate each officer one position higher when a vacancy occurs, the Senior Vice-commander and Junior Vice-commander declined to take the advancement at this time and asked that the special election be held.

Commander-elect Smith, who automatically became a delegate with the Commander to the state convention at Quincy, was Antioch's representative at the convocation as the Legion Festival kept Commander Klass in town.

With committees appointed from the Legionnaires and the Auxiliary, it is the intention of the group to hold a public installation on Thursday, September 19. The Legion charter is to be draped for 30 days in memory of Comrade Harold J. Tucker, who died of a heart ailment in Veteran's hospital, Fort Snelling, Minnesota, last week.

## Grade School Team Prepares for Fall Baseball Campaign

Following a meeting of the Grade school athletic conference last week where the fall baseball schedule was arranged and the new officers were elected, the Antioch youngsters are preparing for their first game tomorrow (Friday) at Grayslake.

The conference consists of the grade schools in Antioch, Grayslake, Gurnee, Mundelein, Round Lake, Gavins, Fox Lake and Lake Villa. William Sheehan of Mundelein was elected president for the 1935-36 term and J. L. Miller of Gavins will replace John Hodge of Fox Lake as secretary. Treasurer of the conference, Carl Baylor of Grayslake was elected vice president.

The Antioch Grade school baseball schedule is: Sept. 13, Grayslake, there; Sept. 16, Mundelein, here; Sept. 20, Gurnee, there; Sept. 23, Lake Villa, here; Sept. 27, Round Lake, here; Sept. 30, Fox Lake, there; Oct. 4, Gavins, here.

### Barney Ross Stops Gans in 2nd Round

Barney Ross of Chicago, welter-weight boxing champion of the world, who has been training in the Lakes region this summer, took less than two rounds to knock out Baby Joe Gans of Los Angeles in their match at Portland, Oregon, last week. Gans had a 10-pound weight advantage but Ross doubled up his opponent with a vicious left hook.

### McHenry High School Employs Gerald G. Reed

Gerald G. Reed, athletic coach and science instructor at the Antioch Township High school for five years, but for the past two years faculty member at the Fond du Lac, Wis., high school, has been employed by the McHenry Community High school.

## ZAHARIAS DRAWS WITH M'MILLEN IN HOT CONTEST

Plummer-Richards in Draw  
as Chicago Bears See  
Wrestlers

It all ended in a draw! That's the decision in the grapples between Antioch Jim McMillen vs. Crybaby George Zaharias and Waukegan Lou Plummer vs. Nebraska Ray Richards to close the wrestling season at the Round Lake Haunted House arena last Friday.

As an added attraction the entire cast of the Chicago Bears football team, headed by the greatest gridironer of them all—Harold E. (Red) Grange—were on hand to root for Jungle Jim McMillen, who signs their pay check each month, and Richards, one of their teammates.

Crybaby Stops Tackles.  
Everything in the wrestling book plus a lot of indelicate caresses that aren't in the book were used in the main bone-bending bout between Jimmie Mac and Boo-hoo George with the principals ending up weaker than a cup of tea at a bartenders' picnic after the allotted 60 minute time limit.

Just before the final curtain, Jim launched a series of his famous flying tackles but the Greek sobber turned out to be one of the very few who are able to take them. Of course George weeped all over Referee Charlie Layne's shoulder; but he likewise lived up to his press agent's lingo by proving why he rates in the top-ranking performer's bracket along with McMillen.

Lou Gets Plastered  
The semi-windup was just another one of those brows the customers see when "Tm-the-Tops" Plummer stooges for some kind of a tough guy and although the commissioners called it a draw, Richards had the Waukeganite stumbling for the ropes or hiding behind Referee Charlie's back most of the 30 minutes. When Ray did clamp a mitt on him, Lou resembled a rag doll in a Boston toy bull's clutch and on one occasion after hanging a fast one on Richards in the out-of-bounds region, the Nebraskan bounced Plummer all over the mat and outside the ropes at the ringside feet with a fall like a comedian in a bedroom farce.

After the bout's conclusion, Lou John-Barrymored a few profiles for "his public" and challenged any five of the Bears, including the 260-pound George "Baby Face" Musso, to climb into the ring. The massacre, however, never took place although the customers and Musso were all in favor of it.

Bruce, Dahl Winners  
Bobby Bruce of Lake Villa stood George Mack's dirty tactics for exactly 15 minutes in one of the prelims before knocking the Chicago Bohemian for the well-known shellacking. In the other prelim, Andy Dahl, a tackle on the 1934 University of Illinois football team, ruined the evening for Jack Zaravitch in 8 minutes and 10 seconds, in the face of a mob of squawking relatives the Russian brought along to show what a great guy he was.

After the final, the lassies in the crowd, using a flying wedge formation, tackled Red Grange for his autograph. He wore out a couple of pencils before escaping, according to latest reports.

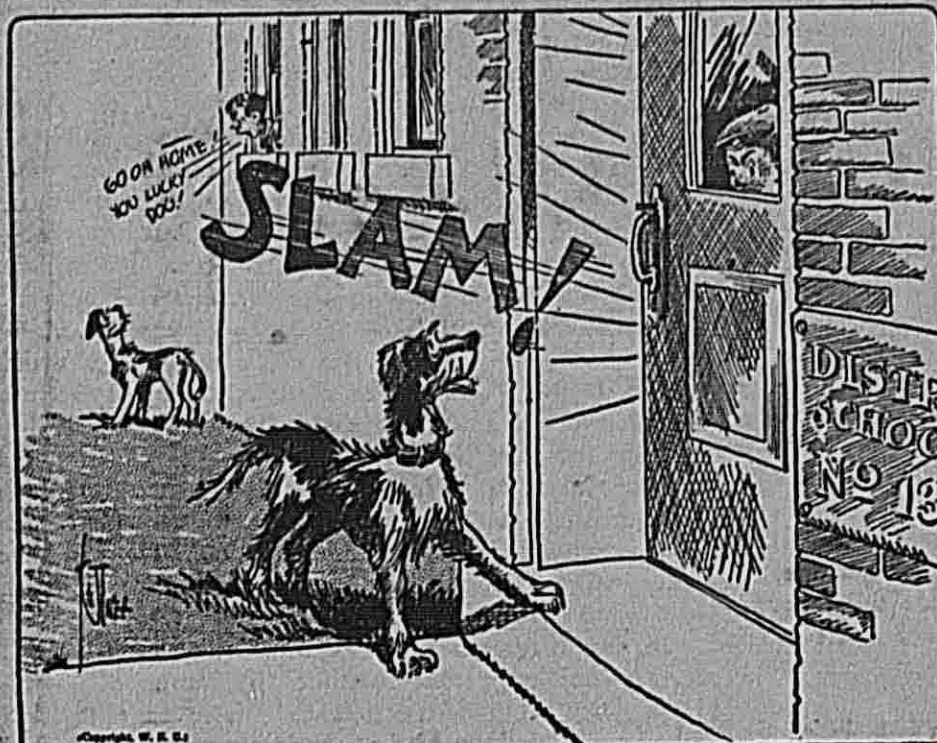

### Channel Lake P-T. A. Hold Dance Saturday for Pupils' Benefit

Members of the Parent-Teachers association of the Channel Lake rural school are presenting a benefit dance Saturday evening in the Channel Lake Pavilion the proceeds of which will go toward keeping the school in the Superior rating class. It is announced by Mrs. W. W. Ward of Channel Lake, president of the group. Proceeds from the benefit will be used immediately to inoculate the pupils against diphtheria and scarlet fever. An eleven piece orchestra has been imported from Chicago for the special occasion and card games are being arranged for those who do not choose to dance. The association members anticipate a large gathering and will open the affair at 8 o'clock, Mrs. Ward explained.

### Antiochan Has Fast Trip to Minnesota

In less than five days, Mrs. Irving Elms of Antioch attended the reunion of the Hanneman family in Paynesville, Minn., and returned home. She left Saturday, traveling by plane from Milwaukee to Minneapolis, and returned Wednesday evening by way of the stream-lined Elmhurst train on the Chicago, Milwaukee, St. Paul and Pacific line.

## The Parting of the Ways

### Legion Auxiliary to Hear Annual Reports at Year's Last Meeting

Annual reports of committee chairmen of the Antioch American Legion Auxiliary will be heard at the final meeting of the year to be held in Legion Hall tomorrow night, Friday, September 13, it was announced today by Mrs. Katherine Reinke, president of the organization. This will be the annual meeting of the Auxiliary and all members and committee heads are urged to be present. The group plans to hold a point installation of their newly elected officers with the American Legion in the near future.

### Automobiles Kill 1169 Individuals in State This Year

Automobile accidents were responsible for 1169 deaths in Illinois during the first seven months in 1935, records of the state department of health disclose. This figure represents a 154 improvement over the corresponding period of 1934, explains Dr. Frank J. Jirka, head of the department. July, with a death rate of 194, was the worst since 1931 when 200 were killed. May recorded 183 such deaths.

Accidents of all kinds were responsible for 3204 deaths and only such diseases as heart impairment, cancer and nephritis, caused more deaths than those caused by accidents. The birth rate, however, was noticeably above the figures for the first seven month period of last year.

### Lake County Third in Tax Allotments

Lake county, receiving \$18,359.15 as its share of the motor fuel taxes for August, was surpassed only by Peoria and Cook counties in the state in net allotments, reports K. L. Ames, Jr., state finance director. The various counties in the state, including Lake, received \$743,349.55 for the month. The state held \$202,000 in reserve for interest and retirement of the \$20,000,000 emergency relief bond issue and \$11,590 for interest and retirement of the \$30,000,000 relief bond issue.

### Ruth Perry Chosen for 7th Grade Post at Antioch School

Miss Ruth Perry of Lake Villa was selected to fill the 7th grade vacancy created at the Antioch Grade school by the resignation of Miss Mildred Byrnes, it is announced by the board of education. The new teacher is at present employed in the Town Line school near Gurnee where she began her second year this fall and will assume her new position at the Grade school soon. Miss Perry, who was graduated from the Antioch Township high school, received her degree from Illinois College at Jacksonville, Ill.

### Choose Grand Jury List for October

Grand jurors for the October term of the circuit court were named this week by the Lake county board of supervisors as follows: John Shafer, Benton; H. G. Peterson, Zion; Michael Leable, Newport; William Theesh, Lake Villa; Joseph Klaus and John Ehler, Antioch; Walter P. Dromey, Grant; Irving Hook, Avon; E. E. Marsh, Warren; Frank West, Sr., John Stancak and Leroy Welch, Waukegan; Charles A. Ruhl and Bert Fitzgerald, Shields; A. J. Moss, Libertyville; Lee Huson, Fremont; Arthur Monaghan, Wauconda; Leslie B. Niemeler, Cuba; August Bueschling, Elia; Fred Friess, Vernon; Earl G. Sheahan and Joseph Carbonogri, Deerfield; and P. J. Duffy, West Deerfield.

Mr. and Mrs. Geo. Dixon, of Eagle Lake, Wis., were guests of Mr. and Mrs. William Runyard Tuesday.

## MRS. ANNA DIBBLE DIES IN WAUKESHA; HOLD FUNERAL HERE

Mrs. Anna Dibble, 52, mother of Irving Elms of Antioch, died this morning (September 12) at Waukesha, Wisconsin, where she was undergoing treatments for diabetes from which she had been suffering for several months.

Mrs. Dibble, who lived in Antioch for many years, was born in Switzerland and came to live in the United States during her early girlhood. She is survived by her husband, Arthur; one son, Irving; one brother, August Hottinger of Chicago; and a grandchild, Louise.

Funeral services will be held Saturday from Strang's funeral home with burial in Hillside cemetery.

## Antioch Stars Ruin Wilmot Lads, 19-4

Antioch's All-Stars were busier than a guy with the ice cream soda concession in Hades pounding out 19 runs against the Wilmot firemen, who managed to get 4 tallies, at the Spring Grove softball pasture Monday night, as sort of a tuning-up preliminary for the Sloan Bread aggregation that makes a personal appearance in a twin bill on the Antioch Grade school diamond Sunday.

The satellites all took a tour of the premises in the third inning when 8 hits, 3 walks and 1 error put 10 runners on Antioch's side of the ledger. Again in the fifth they provided the Wilmot outfielders with some exercise to raise the total to 15 counters, and after loafing through the sixth with a lone run, climaxed the evening's romp with 3 more in the final inning.

The best the firemen could do against Pitcher Bill Keulman was single runs in the first, second, fifth and sixth, besides watching 8 strikeouts and dodging their bats. The homerunners for the All-Stars were Bill Keulman with two and Al Keulman, Ed Sorenson and Steve Wasco with one apiece. Box score:

All Stars 0 10 0 5 1 3—19 21 2

Wilmot 1 1 0 0 1 1 0—4 9 2

### Former Antioch Pastor in Germany

Adolph M. Krah, director of public relations for the Pure Milk association, now touring European countries studying co-operative marketing, is now in Germany, according to a communication received by the News this week. "Warsaw is really Old Russia," the former Antioch pastor writes. "Russia in Moscow is not old—there are 20 big buildings within four blocks of the hotel. I saw people stand in line for ten minutes waiting for newspapers and there was no war scare either."

Mr. Krah is accompanied by his wife.

## City Briefs

Mr. and Mrs. Lawrence Hoffman spent the week-end in Chicago at the home of their niece and husband, Mr. and Mrs. William Haworth, and attended a farewell party given in honor of their son, Harold, who left Chicago Tuesday, September 10, for Akron, Ohio, where he will take up his new duties as assistant manager of a Lyon & Healy music store there. Harold has been employed in Chicago by Lyon and Healy for the past five years.

Mr. and Mrs. Clarence Anderson spent Sunday in Chicago, the guest of Mrs. Anderson's brother-in-law, Mr. Arthur Hadlock, who is very ill.

## DAIRY FARMERS GIVEN NEW PLAN FOR MARKETING

Pure Milk Ass'n. Adopts  
New 90 Per Cent of  
Base Plan

The Pure Milk Association has adopted a new 90 per cent of base payment plan for its membership, it was officially revealed Tuesday by Association officials in announcing a drop in the Class 1 price paid producers for 3.5 milk from \$2.20 to \$1.75 effective September 1.

This action was taken in accordance with the recommendation of the Advisory Committee of the Association at a record meeting held in Chicago on August 30, when the Board of Directors was advised to adopt the plan and negotiate for price. The new scale:

(a) Payment to the milk producer of \$1.75 per hundred pounds for all 3.5 Class 1 milk sold by distributors buying milk from the Association.

(b) Payment of the condensery price to the producer for all milk delivered over Class 1 up to 90 per cent of established base.

(c) Payment to the producer the butterfat price plus four cents for all milk delivered over 90 per cent of established base.

Members who prefer to deliver just Class 1 needs to market may still do so; while producers that are not able to curtail their production are assured of a better price for their surplus milk sold above the Class 1 price and up to 90 per cent of their established bases.

With the drop in the Class 1 price paid to producers, cooperating distributors have announced a drop in the retail price of milk of one cent, and the establishment of a store differential of 9 cents a quart as compared with a wagon delivery of 10 cents a quart. Class 1 sales are expected to increase with the drop in price being immediately effective, and with the schools opening and customers returning from vacations.

### Frank Moran, 58, Dead of Stomach Ailment at Salem

Frank Moran, 58, of Salem, Wis., died suddenly Thursday noon from a stomach ailment. He was born at Bristol on February 17, 1877 and has resided in Salem township for 40 years. Funeral services were held from Strang's funeral home in Antioch, Saturday afternoon, with the Rev. S. E. Pollock officiating. Interment was in Liberty cemetery. Mr. Moran is survived by his widow, Mrs. Mabel Sibley Moran; two sons, Alvin and Ira of Liberty Corners; two sisters, Mrs. Amy Smith of Salem and Mrs. Minnie Christensen of Kenosha; and nine grandchildren. The pallbearers were: Messrs. James Walsh, Charles Oetting, William Mecklenburg, Harpold Mickie, Clarence Sheen and Al Burdick.

### Lake Villa Gardener Awarded Sweepstakes in Big Flower Show

John Braun, gardener on the estate of Mrs. August Lehmann at Lake Villa, won the single bloom award and sweepstakes in the private estate and semi-professional gardener's event at the fall flower festival in the International amphitheatre at the Union Stockyards, Chicago, Sunday. Fifteen thousand individual exhibits of flowers were in competition at the show. It was sponsored by the Central States Dahlia society and the Chicago Men's Garden club. The attendance was recorded at 15,000.

### Chicago Man Buys Lake County Farm

J. W. Stewart of Chicago has just purchased the 160-acre farm near Frairie View which was owned by Sigrid V. and Carl E. Johnson. It is announced by Elmer E. Stults of the E. E. Stults Realty company of Chicago, who represented all parties concerned in the transaction. The property is situated at the southeast corner of Rte. 54 and 22.

### Hufendick Child Is Christened

Donna Jean Hufendick, five months old daughter of Mr. and Mrs. H. E. Hufendick, was christened at the family home at four o'clock Sunday. Rev. L. V. Sitter officiated at the ceremony held in the presence of 25 relatives of the parents.

Mrs. Norman Stewart and Mrs. Ruben Hesselgrave of Woodstock attended the funeral of their cousin, Mr. Fred Barber, Monday.

## "SANITY ON THE PRAIRIES"

It is refreshing to report that at least one state has managed to avoid the fallacy that the way to create prosperity is to spend billions on credit—credit which must be based on all the savings and wealth, all the property, all the industries, all the earnings and other resources of the commonwealth.

That state is Nebraska, which is described by W. E. Christensen in an article in the New York Herald Tribune entitled "Sanity on the Prairies."

Nebraska has a new \$10,000,000 capitol—without a penny of debt standing against it.

Nebraska has a splendid highway system—without a single outstanding bond.

Nebraska's state tax, which provides the funds for supporting the state university, four normal schools and all other state activities, has averaged less than two mills per year during the last ten years.

Nebraska has no state income tax, no sales tax, no nuisance taxes. The state hasn't one cent of bonded indebtedness. Total bonded debt of its 93 counties, in July, 1934, was but \$6,247,000—of which a single county, Douglas, accounted for 4,500,000, leaving the small sum of \$1,700,000 apportioned among the 92 remaining county governments.

This sounds like a taxpayers' Utopia, which it is. It hasn't been achieved through magic. Here, according to Mr. Christensen, is the four-sided plan Nebraska follows:

1. Pay as you go; issue no state bonds and few county bonds.
2. Reject new forms of taxation.
3. Watch public spending and the spenders.
4. Remember that even in these changing times the functions of local governments are the same as they were 15 years ago and should cost no more.

The plan is simple. It is workable. It is sound. Nebraska has led the way toward economic sanity—other states should fall in line.

## A "HIDDEN" CAUSE OF ACCIDENTS

The more traffic experts study the accident toll, the more they become convinced that there is an important "hidden" cause of many automobile accidents. This lurking agent of death and injury is carbon monoxide poisoning.

Carbon monoxide gas develops when any fuel—coal, wood, gasoline, or illuminating gas—does not burn properly or completely. It cannot be seen, smelled or tasted. Its only warnings are headache and drowsiness. Yet it is in the air wherever there is motor traffic. The exhaust of a car, even one in good running condition, contains a concentration of fifteen per cent of it. As little as two per cent in the air will poison, and four per cent will kill.

Statistics show, according to the National Bureau of Casualty and Surety Underwriters, that carbon monoxide from auto exhaust gases is the direct cause given in at least 700 deaths annually. No one knows nor can guess how many lives are lost indirectly through its influence. For example, there is no telling how often that common driving occurrence, "sleep at the wheel," has been induced by carbon monoxide.

All motorists are familiar with the headache and lassitude which often come upon them while driving. These signs, coupled with the odors of exhaust fumes in a moving vehicle, are final warnings that carbon monoxide is present in lethal quantities. They should be more than sufficient notice to take the necessary measures against carbon monoxide poisoning. This means regular checking of the exhaust mechanism and the carburetor action, keeping the vehicle well ventilated when driving, eliminating any leaks or holes which allow seepage from the motor or exhaust to the body of the car.

Householders should also consider that carbon mon-

oxide poisoning is a possibility whenever fuel is burned in the home. Coal, gas, stove, furnace and oil burner companies can give advice on precautions that will afford safety from this invisible death.

## FIRE PREVENTION WEEK

In about a month, Fire Prevention Week will be observed again. Starting on October 6, the week will run through the 12th.

The week is usually inaugurated by Presidential proclamation. Governors of states and mayors of cities follow suit. Fire marshals, fire departments, insurance organizations and other public and private groups cooperate in seeking to spread the ABC's of fire prevention and control to the general public—which has most at stake, and which must accept the responsibility for almost every fire, large or small, that occurs.

During the week every citizen will have a chance to learn, easily, thoroughly and "painlessly," the simple lessons that will enable him to keep his home and other property safe from fire. He will be told of the menace of old and improperly-done wiring. He will learn the need for periodic inspections of his heating plant—one of the most prolific sources of fire. He will be shown the vital necessity of fire-resistant building, and of modern municipal building codes. He will hear of the tragic school, hospital and other major fires which have destroyed thousands of lives, and property valued at millions, which were absolutely unnecessary.

To learn this, the citizen will have to contribute a little of his time. He will have to look at exhibits, read editorials, news reports and pamphlets. He will have to listen to a radio address or two. He will have to keep his mind open and his memory awake—a lesson that is not retained is obviously useless.

In return for this small expenditure of time, he will receive knowledge that may be the means of saving his property from destruction and his loved ones from violent and horrible deaths. Is it worth it to you?

## STRANGLING INITIATIVE

Will Rogers, by his native ability and thrift, left an estate valued at between two and one-half and five million dollars. It has been announced that state and federal inheritance taxes will claim some \$650,000 if the estate totals two and one-half million, or \$1,716,000 if the state totals five million.

Proposals to "soak the rich" through new and greater inheritance taxes, which Mr. Rogers' family escaped, would go far toward destroying the savings of his lifetime.

On the savings and wealth-destroying path we are traveling, there is less and less incentive for American citizens to exercise their initiative and ingenuity as in the past on projects which create employment and prosperity. If they are successful, their property will be largely taken away from them through taxation. If they fail, that's just too bad—the tax collector does not share in the loss. He only takes the profits and savings.

## REVOLUTIONIZING FARMING METHODS

Not so many years ago agricultural cooperatives were regarded with suspicion. Some believed that they could produce nothing worth while, they were needless "luxuries." Others thought they would merely waste time and money of their farmer members.

Today the cooperative has come into the "necessity" classification so far as the progressive farmer is concerned. The time he gives to it is as nothing compared to the benefits he receives. And the money he contributes in dues is returned to him many times over in more stable markets, and better prices for his produce.

The cooperatives have slowly, quietly and effectively caused a virtual agricultural revolution. They have gone a long way toward taking the guess-work out of farming—wherein each producer raised as much as he could, irrespective of markets or demand, and sold it for what he was offered. The old-time farmer was at the mercy of the middleman—the modern farmer, with his organization doing the talking and bargaining for him, has applied proven business methods toward achieving a better place in the world.

Cooperatives have made a great record during depression—and when better times return, they are going to show the country what real agricultural progress means.

## HICKORY

Mrs. Clyde Preston from Sterling, Ill., called at the A. T. Savage home Friday.

Mrs. Nettie Walls visited in Waukegan over the week-end.

Supt. Petty visited our school last Wednesday morning.

Caryl Nielsen, Hazel Fields, Eugene and Lucille Carney, Dorothy Sploring, Alfred Pedersen, Ida Paulsen and Helen Thompson, from our school, also Dolores Hunter and Billy Randall from Bean Hill school, and Eleanor White from West Newport school, started in Antioch Township High School as "freshies" on Monday morning.

Mrs. F. A. Hollenbeck and daughters, Charlotte and Shirley Mae, from Norwood Park, visited last week at O. L. Hollenbeck's.

Mr. and Mrs. Harold Dixon and children of Waukegan called at W. E. Hunter's Sunday.

Kenneth Tullon is spending this week in Kenosha.

Mrs. Ellen Tillotson and daughter, Grace, from Kenosha called at H. A. Tillotson's Thursday afternoon.

Mr. and Mrs. Harvey Mann and children and Miss Josie Mann were Waukegan visitors Sunday afternoon.

Mr. and Mrs. Leo Carney spent Tuesday in Chicago.

Mr. and Mrs. Max Irving and children called on Mr. and Mrs. G. Ekedahl at Lake Villa, Sunday afternoon.

Mrs. Fred Barber of Chetek, Wis., is visiting at the home of her son, Frank.

Mrs. Woodbury and Mrs. Currie from Hebron visited their friend Mrs. Emily Mann, Friday.

Mr. and Mrs. H. A. Tillotson and Mrs. Will Thompson and Helen were Kenosha shoppers, Friday morning.

Homer Edwards left on Tuesday morning for West Virginia.

## Tea Leaf Fortune Telling

If two tea stalks appear on the surface of a cup of tea they are to be placed on the back of the left hand and struck with the back of the right; if they remain unmoved on the left, or adhere to the right, then the one loved will remain true; but if one adheres and the other not she will be false.

Football practice started last week with twenty-one answering Coach Lieske's call for players. The opening game will be played at Wilmot with Rochester Friday, September 27. All home games will be played on the new athletic field at the school.

The 1935 enrollment is the largest in the school's history with 119 students attending. The Freshman class numbers 41.

representative, Jeanette Wirtz; manager, Doris Berry.

# Ironing is easier with a CONLON automatic IRONER

We'll prove it by doing your next ironing in your own home FREE

● A Conlon Automatic Ironer takes all the hard work out of ironing. No longer is it necessary to stand over an ironing board for hours pushing an iron that gets heavier every minute. A Conlon irons everything, including flatwork, shirts, and children's clothes. Merely guide the pieces through while you are seated comfortably.

Try it in your own home first. We'll do one week's ironing to prove how easy it is. Then, if you decide to purchase, pay \$2 down and as little as 66 cents a week on your monthly Electric Service bill. Take advantage of this special offer now. Phone or call at your nearest Public Service Store and ask for free demonstration.

**PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS**

**LIMITED BARGAIN OFFER**  
Combination of Washer and Ironer for only **\$3 DOWN** 24 months to pay

To cover interest and other costs, a somewhat higher price is charged for appliances sold on deferred payments. To the price quoted in our advertisements, and marked on our merchandise, additionally 5% is to be added on account of additional tax expense.

## WILMOT

Howard Zoerb and son, Richard, Mr. and Mrs. R. Noel, Milwaukee; Mr. and Mrs. H. B. Kutz and Lucille Smith, Kenosha, called Sunday at the Runkel home.

## TREVOR

Mrs. Harry Lubeno spent Tuesday with her sister-in-law, Mrs. Andy Lovested, Silver Lake.

Mrs. Byron Patrick and sons, Salem, spent Tuesday evening with the Patrick families.

Miss Mary Fleming and Mrs. John McDonald, Lake Forest, were Trevor callers Wednesday afternoon.

Mrs. Daniel Longman and son, Russell, spent from Monday till Wednesday in Milwaukee with her daughter, Mrs. Charles Hartnell and family.

Miss Elizabeth Corrin has entered the state normal at DeKalb, Ill., after spending her summer vacation with her parents and at Lake Geneva, Wis. Elbert Kennedy, Wilmet, was a Trevor caller Wednesday.

Mrs. Charles Oetting and Mrs. Joseph Smith left Thursday morning by motor for Paynesville, Minn., where they will visit the latter's brother-in-law and sister, Mr. and Mrs. John Nehring, and other relatives.

Mrs. Fred Fowles, Lake Forest, visited her niece, Mrs. Harold Mickle, from Wednesday until Friday.

Fritz Oetting returned home Thursday after passing the summer with a baseball team in the east.

Hiram Patrick and daughter, Mrs. Wm. Kruckman, Burlington, visited the Patrick families Thursday.

The farmers in this locality are harvesting their second crop of hay.

The graduates of the Trevor school who are attending the Wilmet high school are: Gerald Runyard, Stanley Runyard, Lucille Lavendusk, Eloise Allen, Raymond Forster, Marie Mark and Josephine Larwin.

Jim Runyard has returned to his home in Wilmet after spending the past two weeks at the Nellie Runyard home.

Mr. and Mrs. Spencer, Palatine, Ill., are visiting at the Ira Moran home.

The Willing Workers enjoyed a pot luck dinner at the Rock Lake picnic grounds on Thursday.

Mrs. Luannah Patrick and son, Milton Patrick, called on her son, Byron and family, at Salem, on Saturday.

Mr. and Mrs. John Winegardner and daughter, Constance, Maywood, Ill., are visiting their cousins, Mr. and Mrs. Harold Mickle and Mr. and Mrs. Kermit Schreck.

Percy Mizzen spent Sunday with the home folks.

Mrs. Jessie Allen and daughter, Eloise, spent Saturday night and Sunday with her brother-in-law and wife, Mr. and Mrs. Everett Allen, Twin Lakes.

Mr. and Mrs. Wm. Janks, daughter, Joan, Mrs. Arthur Janks, daughter and two sons and their mother, M. Janks, Chicago and Channah Lake, called at the Pete Schumacher home Sunday.

Mr. and Mrs. Robert Runyard and son, Antioch, called at the Nellie Runyard home Friday evening.

Mr. and Mrs. Elwin Manning, two sons, Mrs. Susan Manning and Miss Mary Grant were Trevor callers Sunday.

Mr. and Mrs. George Brown, Bristol, called on the Patrick sisters Sunday afternoon.

On Sunday about thirty of their friends from Racine, Waukegan and Antioch surprised Mr. and Mrs. Alfred Dahl in honor of their fifteenth wedding anniversary.

Mrs. Lena Holmes and son, John, Chicago, spent the week-end with her sister, Mrs. Daniel Longman and family. On Sunday the Longman family with their guests were Sunday dinner guests of Mr. and Mrs. Willis Sheen.

The Harrison family held a reunion at the Harry Harrison home on Sunday with thirty-seven present.

Mrs. Luannah Patrick and daughter, In-law, Mrs. Byron Patrick, Salem, visited their uncle in Racine Sunday.

Mr. and Mrs. Fred Murphy and son, Kenosha, called on Joseph Smith Sunday.

Calvin Stewart, Kenosha, called at the Frank Runyard home Sunday.

## Mind and Body Must Be Busy

The human mind and body cannot be happy except in action. Even in our leisure our idea of fun is to find something extraordinary hard to work at—swimming, boating, tennis, ball games, etc., which work the body, or reading, bridge, solitaire, etc., which work the mind.

## Yesterdays

## Forty Years Ago

The old William store room is being remodeled, and will be occupied by L. Larkin, late of Galesburg, as a drug store. Mr. and Mrs. Larkin will occupy the Kelly residence on Main street, as soon as Mr. Thayer vacates.

Miss Mabel Richards and Flossy Kerr, of Lake Villa, spent Tuesday and Wednesday in Antioch.

Mrs. Otto Derrwaldt, of Milwaukee, is the guest of Mr. and Mrs. A. H. Storms, on Park avenue.

Mrs. George Olcott left Tuesday for Rochester, New York, in response to a letter saying her father was dangerously ill.

Several of the members and friends of the Christian church gathered at the church Monday morning last, tore up the old platform and steps at the front of the building and in a few hours put up a new plank platform, which materially adds to the betterment of the building, besides improving the appearance.

## Thirty Years Ago

Mrs. Inez Ames was a Chicago visitor Monday.

Mr. and Mrs. George Kuhaupt were over Sunday visitors with relatives at Rugby Junction, Wis.

H. A. Radtke and family visited a few days this week with relatives and friends at Lake Geneva and Springfield, Wis.

The business men's train on the Wisconsin Central made its last trip last Monday morning, and last Sunday was also the last Sunday train service.

Starting in the boiler room of the plant, fire destroyed the Diamond Lake creamery company plant between 1 and 2 o'clock Sunday morning. Although every means was used to save the plant which was equipped with valuable machinery and which has not been long in operation, the flames destroyed the structure completely, the loss amounting to about \$2,000.

## Fifteen Years Ago

H. Bock returned home from his vacation at Chetek, Wis., Saturday.

L. B. Grice and wife and H. A. Radtke and wife returned home from their auto trip to Chetek on Wednesday.

Rev. S. E. Pollock is in attendance at the Rock River conference which is in session at Rock River this week.

A very large crowd gathered at the Busse farm field last Sunday to witness the ball game between Lehmann's Standards and the Silver Lake team. Each had won one game from the other and this third game was one of special interest to the ball fans. Although the rain interrupted the game several times, the crowd stayed to see the finish, which proclaimed Silver Lake to be the victors, the score being 6 to 4 in their favor.

## Ten Years Ago

Mr. and Mrs. W. H. Osmond, Mr. and Mrs. Lester Osmond and children left the fore part of the week for Chetek for their vacation.

Mrs. L. A. Van-Patten and family entertained the Rev. and Mrs. Johnson and baby from Gary, Indiana, last Wednesday and Thursday.

Mr. Lund of Chicago, a brother-in-law of H. P. Lowry, arrived here Saturday for a visit.

Mrs. Allen and two children of Rockford, Illinois, spent the week-end with Mr. and Mrs. Walter Palmer.

Rev. Weber and wife visited with Mr. and Mrs. John Sibley and Mr. and Mrs. Nason Sibley last week.

## The Last Duel

No definite information is available on the date and place of the last duel in this country. A bill prohibiting dueling in the District of Columbia was passed in 1830 and since the Civil war stringent laws have been passed in all the states against dueling. The practice became obsolete in this country decades ago, but it was a gradual disappearance and no doubt many duels were fought secretly even after the passage of some of the state laws.

## "Help Wanted"

HOW eagerly the "Help Wanted" advertisements appearing in the daily newspapers are watched for and read by those seeking employment! They scan these columns hoping to find someone needing what they have to offer in the way of service. Let us consider briefly a few helpful facts regarding this situation.

Work, regardless of its character, to be carried on successfully must be done in an orderly and faithful manner. It is of first importance, then, to take note of our equipment. What do we possess, and what have we to offer that will enable us to fill a position satisfactorily and thereby to hold it? One definition of the word "fill" given in a dictionary is "to furnish an abundance of supply to." Then, in order to fill the requirements of a position and meet the needs of an employer, the qualities of true value one has to give, those promotive of good achievements, must be of first importance. Such qualifications are mental, and are present here and now the divine inheritance of one and all.

The loving, tender, and faithful, the all-knowing, all-wise Father-Mother God created man in His own image. Therefore man possesses by reflection and expresses by divine decree unlimited goodness and usefulness. Let the seeker for employment ask himself the question, "What would be the necessary qualifications of an individual whom you would hire, were you the employer, whether in relation to industrial, commercial, professional, or domestic service?" Would not intelligence, efficiency, truthfulness, honesty, loyalty, patience, kindness, and trustworthiness be essential and indispensable? Such is the equipment of every child of God. "Let this mind be in you, which was also in Christ Jesus," the word "let" is pregnant with meaning. As the child of God, man possesses by reflection all the qualities necessary to ensure right and therefore successful activity. Letting this mind be in you, in your present state of consciousness, gives you the assurance of knowing what to do and how to do it, where to go and when to be there, what to say and how to say it.

Mortals need no longer grope their way in the darkness of ignorance,

fear, and dismay, but may come readily and spontaneously into the sunlight of dominion through letting that mind which was in Christ Jesus direct and govern their every motive and act. This is the right way, and therefore it has the right of way.

The world today is in need of thought adjustment as the solution for inactive, inaccurate, immoral conditions. Seeker for employment, you help as a right thinker is needed! Your services are in demand at all times and in all places; in fact, the most essential of all necessary equipment is yours. For, as a right thinker you possess, without stint, intelligence, honesty, truthfulness, kindness, loyalty, trustworthiness.

We should use our God-given means. We should rejoice and be exceedingly glad that our services as constructive thinkers are ever needed. Right thinking about every condition is really the "help wanted." Each of God's children has it to bestow; and as he gives it freely he can never be impoverished. Instead of seeking a job we may go forth with the joyous confidence and assurance that, as we learn to reflect God, Life, Truth, and Love, our gift and service to mankind are unlimited. Our sonship with God has endowed us with such qualifications as enable us to give unselfishly, to be unceasingly active. Such credentials are acceptable by every employer. In the light of this reasoning the old adage of "selling oneself" to obtain employment takes on an entirely different meaning, for when one knows one's true self aright as the expression of God one begins to understand the Master's words, "The kingdom of God is within you." After quoting this statement in "Pulpit and Press" (p. 3) Mary Baker Eddy says, "Know, then, that you possess sovereign power to think and act rightly, and that nothing can dispossess you of this heritage and trespass on Love." Thus, as right thinkers we are seeking to give, we are capable of filling our place in the order of the day; and there is a continual demand for that which we have to offer.—The Christian Science Monitor.

## No Chance

"I should like to educate the taste of my neighbors," said Hi Ho, the sage of Chinatown, "but customs are hard to conquer. Try as I might I could not hope to turn them from a Sousa march to listen to the delicate tone differentiations in Chinese music."

**Believe in Evil Spirits**  
The Japanese are neither religious nor very superstitious, yet they still believe in evil spirits and resort to exorcising ceremonies.

**Padding the Canoe**  
In sudden squalls it is better to padle a canoe from near the bow than to padle from the stern. The bow thus can be kept into the wind.

125,000 PEOPLE IN THE CHICAGO AREA ARE LIVING BETTER BECAUSE OF GAS HEAT

A job nobody wants

but Gas Heat will take it!

If this advertisement appeared in the paper you read daily, what would you say? Ridiculous! Nonsense! Absurd! But just think a moment.

You wouldn't want the job at that salary. Nor would anyone you know. Drudgery, back-breaking toil. Long hours, night work, no days off. And only a few cents a day for your trouble. Such an advertisement may appear ridiculous. Nevertheless, it's the job you actually hold right now, if you're still putting up with old-fashioned methods of heating.

Make up your mind to be rid of all furnace worries and work. For a few cents more a day, your family could be enjoying all the freedom and luxury of modern gas heat. Gas heat, of course, takes care of itself. It is clean and absolutely automatic. Once you have it installed, you're free from shoveling coal, tending the furnace and cleaning out furnace dirt. Gas heat gives you welcome hours of extra leisure. More time to play with the children,

more time for the things you've always wanted to do. More time for sleep in the mornings, too. No icy trips to the basement. The furnace starts up in the morning automatically.

Let us show you how reasonably your family may enjoy gas heat. Its many advantages cost only a few cents more a day. Investigate now. Call your nearest Public Service office and ask for free estimate.

"I have been using gas for 10 years and I am perfectly satisfied with it. My heating costs are now 60 per cent less than when I first used gas."  
A. T. KATES, 206 Kenilworth Ave., Kenilworth, Ill.

## ANTIOCH and Vicinity

PAST MATRONS ENTERTAINED  
AT BUSCHMAN RESIDENCE

Misses Linda Buschman and Elizabeth Webb entertained the Past Matrons' Club Thursday evening at the home of Miss Buschman, on Depot street. First prize was won by Mrs. Robert Wilton. Mrs. Hugo Michell won second high score and third high was held by Mrs. A. B. Johnson. Twelve members of the club were present.

JENSEN SISTERS ATTENDING  
COLLEGE IN CHICAGO

Misses Bernice and Alice Jensen, daughters of Mrs. N. C. Jensen, are attending school in Chicago. Alice has entered Bryant and Stratton Business College for a ten months course, while Bernice is attending the Chicago Normal College.

MOTHERS' CLUB ENTERTAINED  
AT KUFALK HOME

The Antioch Mothers' club met Tuesday evening at the home of Mrs. Roy Kufalk with Mrs. H. S. Messing as assistant hostess. The meeting was well attended and proved to be interesting.

ST. IGNATIUS GUILD LADIES'  
TO SERVE PLUNKETT DINNER

A Plunkett dinner will be served by the St. Ignatius Guild Ladies at the Guild Hall Tuesday, September 17, at 6:30 o'clock. Everyone invited. Price 35 cents.

MRS. BALL ENTERTAINED  
LADIES' AID WEDNESDAY

Mrs. Carl Ball assisted by Mrs. Clarence Anderson, entertained the Ladies' Aid, Wednesday afternoon, at the Ball home on North Main street. About twenty-five ladies were present.

MR. AND MRS. WERTZ  
PARENTS OF DAUGHTER

Mr. and Mrs. Charles Wertz are the parents of a seven-pound daughter, Marlene Emily, born Tuesday, September 10, at the home of Mr. Wertz' mother, Mrs. Frieda Wertz.

MRS. DIBBLE IS HOSTESS  
TO 500 CLUB MEMBERS

The home of Mrs. Frank Dibble was the meeting place for the Thursday 500 club last Thursday. Prizes were won by Mrs. Mollie Somerville, Mrs. Wineck and Mrs. Olive Keulman.

TEACHERS ENJOY  
BEACH PARTY

A party of eight Grade school teachers enjoyed a beach party and wicker roast Tuesday evening at Bartlett's Beach near Zion City.

AUTUMN BERETS IN  
UNFAMILIAR FORMS

It being customary to rush headlong into a new season, it will be the fall hats that make their first appearance, and among them are the familiar berets in unfamiliar forms and drapes. In current displays many French milliners are represented as designers of beret. Among the variations of this silhouette, Mlle. Marthe introduces a model with a close back and kettle edge lifted front section, of brown felt, supplemented by a shallow crown part of sectioned belting.

Other silhouettes include the small and the large, shallow Breton, and several versions of the brimmed sports hat of classic type. In addition, there is a pillbox with side bow and veil from Patou.

Other models not of the beret movement have a tendency to crowns that are deeper back than front, and to buckles and other metal ornaments.

Air-Conditioned Frock Is  
Newest Note in Fashions

The newest fashion contribution of this stream-lined age is the air-conditioned frock.

You've seen it in summer sports things—the porous mesh fabrics tested for air resistance. Now the same term is applied to a group of fall frocks presented in an advance showing, and designed for comfort.

The "air conditioning" consists of light weight, lacy woven fabrics and openwork devices in waists and sleeves.

A sheer woven fabric like georgette is a favorite for full sports clothes, tailoring beautifully and having the necessary warmth without bulk, for the first days of fall.

## Bishop Sleeves

Fullness introduced with shirring and smocking is being used on new dresses. Full bishop sleeves shirred in at the top and the cuff are most flattering.

## Amber Is Fossil Resin

Amber is a fossil resin from trees of the pine family and is dug up from the shores of the Baltic sea, the North sea, etc. It is one of the most important and valuable of these resins, used in making mouthpieces for pipes and cigarette holders, for beads and ornaments and in varnish making.

## Heard God Speaking

To the prophets and saints the wonders of earth and air and sky and sea were a really intelligible language in which they heard Almighty God speaking to them.

## CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 8.

The Golden Text was, "Blessed is the man that trusteth in the Lord, and whose hope the Lord is" (Jeremiah 17:7).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thus saith the Lord, the Holy One of Israel, and his Maker, Ask me of things to come concerning my sons, and concerning the work of my hands command ye me. I have made the earth, and created man upon it: I, even my hands, have stretched out the heavens, and all their host have I commanded. I have raised him up in righteousness, and I will direct all his ways" (Isaiah 45:11, 12, 13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"Through spiritual sense you can discern the heart of divinity, and thus begin to comprehend in Science the generic term man. Man is not absorbed in Deity, and man cannot lose his individuality, for he reflects eternal Life; nor is he an isolated, solitary life, for he represents Infinite Mind, the sum of all substance" (pp. 258-9).

ST. IGNATIUS  
EPISCOPAL CHURCH

The Rev. J. E. Charles

13th Sunday after Trinity, Sept. 15.

7:30 A. M. Holy Communion.

10:00 A. M. Church School.

11:00 A. M. Morning Prayer and Sermon.

Choir rehearsal on Friday at 4:30.

DRAPE BRIDAL VEIL  
IN MANY NEW WAYS

New ways of draping the bridal veil are offered the girl who is planning an early fall wedding. While in general these may be said to derive from the Russian tulle effects, they should more properly be credited to the Renaissance period. This includes the Italian, the Russian, and the Hungarian periods of corresponding dates.

One of the most charming of these diadem effects was recently constructed by Worth. Of tulle and old lace, over a stiffened wire foundation, it gains in width clear to the ears and is softened by incrustated draperies at the top in crenellated fashion.

Chanel has made a bridal head-dress which starts with a cap of tulle, embroidered in crosslines of dull silver. This silver note is recalled in the torse which divides the upturning and downturning sections of the slightly circular-cut aureole, diminishing to nothing at the back of the head and giving full sweep to the simple tulle veil.

Knitted Evening Gown of  
Cellophane Is the Latest

A knitted evening gown of cellophane yarn is one of the sensations of the current mode.

We have seen knitted evening gowns before, introduced first at Palm Beach and taken up by New York and Paris. But the idea of using cellophane yarn is new.

The glittering cellophane, in black, follows the dictates of the season as to brilliance and glitter, and fits the figure like a mermaid's scales.

Knitted suits are blossoming forth in faultlessly tailored models, with contrasting linings and a distinct swag.

## Glossy Lace for Gowns

Glossy, transparent lace is used for gowns in black, navy and dark red. A pale shaded flower trims the corsage, and mittens of the lace go with the dress.

## Personals

Mr. and Mrs. P. T. Larson are entertaining for the week-end Mr. and Mrs. Peter Jacobs and daughter, Katherine, of Oak Park, and Mr. and Mrs. O. Olson and son, Elmer, of Northbrook.

Mr. and Mrs. George M. O'Brien and children of Chicago were guests of Mr. and Mrs. Charles W. Anderson of Petite Lake on Sunday.

Mrs. W. W. Warriner is spending this week at Champaign-Urbana, with her daughter, Jane, who is beginning this term at the University of Illinois.

Frank Brogan of Moberg, South Dakota, is visiting his sister, Miss Mabel Brogan and his brothers, Claude and Richard Brogan.

Mrs. Mollie Somerville entertained Mr. and Mrs. Harold Johnson and family of Marengo, Illinois, over the week-end.

Mr. and Mrs. Robert Hunter of Richmond and Mr. Richards of Silver Lake called at the Henry Hunter home one day last week.

Mrs. Herbert F. Wagner of Cleveland, Ohio, visited at the home of her mother, Mrs. H. Hunter, last week. Herbert Wagner, grandson of Mr. and Mrs. Hunter, returned home with his mother, after having spent the summer with his grandparents. They were accompanied as far as Chicago by Mrs. Hunter.

Mr. and Mrs. Earle Somerville and mother, Mrs. Mollie Somerville, spent Tuesday visiting relatives at Lodi, Wisconsin.

Mrs. E. H. Olsford of Milwaukee, Wis., spent a few days of last week at the Henry Hunter home. Mrs. Olsford and Mrs. Hunter were schoolmates. At present Mrs. Olsford is teacher of Domestic Science in the Vocational schools of Milwaukee.

Stefen Pacini spent the week-end with his parents.

S. B. Nelson and son, Harold, and H. B. Gaston spent Tuesday in Chicago.

Mr. and Mrs. Andrew Harrison were dinner guests of Mr. and Mrs. Jack VanBuren at Lake Villa Sunday.

Mrs. F. M. Bochmen and daughter, Betty, and Miss Mathilda Zlock of Rockford, Miss Tillie Cramme and Miss Bertha Zlock of St. Louis, Mo., spent last Thursday at the home of Mrs. Clair Kelly.

Mr. and Mrs. Roy Kufalk and Wm. Runyard spent Sunday in Madison, Wis., and called on Mr. Runyard's sister, Mrs. Norris Proctor, who is at the Wisconsin State Hospital for treatment.

Mrs. Roy Kufalk attended a Miscellaneous shower at Wilmet, Wis., given in honor of Mrs. Frank McConnell. Mrs. McConnell before her marriage was Miss Lola Harm.

Mr. and Mrs. Swan Christensen spent Sunday in Kenosha the guests of friends.

Mr. and Mrs. William Runyard accompanied Charles Goodman to the home of his parents, Mr. and Mrs. Charles Goodman, Sr., at Edgerton, Wis., last Friday. Charles will remain in Edgerton for a few weeks.

Mr. and Mrs. Ernest Olson and children of Chicago were guests of Mr. and Mrs. A. M. Hawkins Sunday.

The Ladies' Aid will meet next Wednesday afternoon, Sept. 13, at the church parlors. Lunch will be served.

Vince Dupre transacted business in Waukegan Monday.

B. R. Burke spent Monday in Waukegan.

Fred Lynch, a Channel Lake resort, is in a Waukegan hospital where he underwent an emergency operation for appendicitis.

William Volk of Channel Lake came home Sunday from the Victory Memorial hospital of Waukegan, where he was under observation and receiving treatment for an injured hand received while at work in the Gress-Pfizer Tannery.

Ray Sorenson and Elmer Smith, both of Channel Lake, are spending a week at Sorenson's cabin on Buffalo Lake, in northern Wisconsin.

Mr. and Mrs. Adison Felter and son Virgil and family are spending this week at Cable, Wis., at Lester Crandall's resort.

Mr. and Mrs. Bart Tyrrell of Waukegan were Antioch visitors Wednesday.

Mrs. Clara Westlake and daughter, Fanny, spent Wednesday in Chicago.

Mrs. Elsie Schroeder and grandson, Billy Brand, are spending this week in Loraine, Ohio, visiting friends.

Dr. and Mrs. R. D. Williams and daughter, Betty Lou, spent last Wednesday and Thursday in Chicago visiting their son, Dan, who is a student at the University of Chicago.

Discovery of Electric Light  
It is uncertain when electric light was first produced by artificial agencies. The first successful display occurred in 1810, when Sir Humphrey Davy with a battery of 2,000 elements entertained the Royal Institution by producing an electric light with an arc 3 inches long between carbon points.

Five Vice Presidents Re-Elected  
Five Vice Presidents of the United States were elected to second terms—John Adams, Daniel Tompkins, George Clinton, John Calhoun and Thomas Marshall.

FIND NEW RACE OF  
PYGMIES IN ANNAM

## Tiny Couple Captured in Remote Section of Asia.

Paris.—A race of pygmies has been discovered in mountainous Annam hinterland of southeastern Asia, hitherto believed uninhabited.

A tiny man and woman were captured by natives and taken to Hue, government seat of the Quang Binh province, Administrator Pierrot of province in the French protectorate reported. They are being nursed to health from malnutrition.

The discovery verified Pierrot's long suspicion that a race of tiny people lived back up in the mountains which few of the superstitious natives have visited.

Typhoons that wrought much damage through the region gave Pierrot the first suggestion of the aboriginal race. While on an expedition through the stricken area Pierrot thought he saw a pygmy clinging to a log being carried down a river. He was unable to reach the log to save the small man, if there was one, but the administrator began asking natives if they had seen any pygmies.

Pierrot found a few villagers who said they had seen dwarfish people occasionally, so timid and elusive that natives never could catch up with them.

Later the pygmy man and woman were captured and brought here. Doctor Trechout, director of the French hospital, recognized them as belonging to a race closely akin to the African pygmies.

The French School of the Extreme Orient has been notified of the find and has begun an intensive study to determine the origin of this curious race.

Paris Will Raze Old Trocadero for 1937 Fair  
Paris.—The famous Paris skyline, which has remained unchanged since the completion of the Grand and Petit Palais in 1900, soon will receive its first alteration with the razing of the Trocadero to make room for the Paris exhibition of 1937.

Since 1878 the Trocadero, with its immense auditorium flanked by two minarets, has overlooked the Champs-de-Mars, on which is situated the Eiffel tower.

The Trocadero first was intended to be a temporary structure for the 1878 exhibition, but it remained standing and housed the exhibitions of 1889 and 1900 as well. Since those two minarets first made their appearance on the Paris skyline more harsh things have been said of the Trocadero than at any other building in Paris.

The gardens will remain, but as the Trocadero hides the view over the Seine and the Champs-de-Mars, the plans provide for pulling down the central part of the building and leaving a space about 55 yards in width.

This entrance will form the principal entrance to the exhibition of 1937.

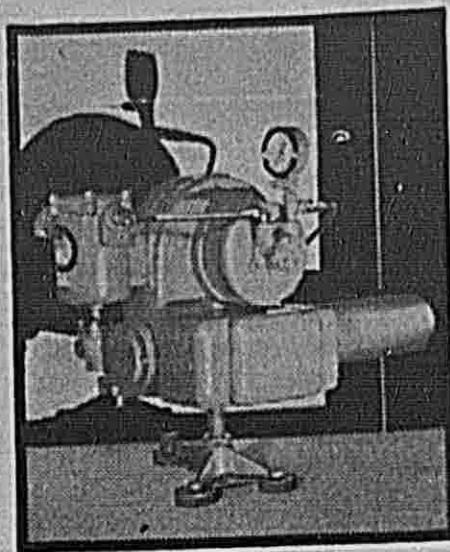

Foreigners in England  
Among the foreigners living in England, the greatest number are Poles, followed by Americans and Russians.

## Card of Thanks.

We wish to express our sincere thanks for the lovely flowers and to thank our neighbors and friends for kindness and sympathy shown during the illness and death of our beloved husband and father.  
Mrs. Lena Barber and Children.

Radium Practically Indestructible  
Radium, unlike its product, radon, is practically indestructible. Scientists declare that it requires 1,730 years for radium to lose half its strength, and 10,000 years to lose it all. It is not affected by extremes of heat or cold nor by pressure.

NEW DOLLAR BILL  
DIFFERS IN DESIGNReverse Side of Great Seal Is  
Pictured.

Washington.—New one dollar silver certificates are being printed by the government and will be put into circulation soon, Secretary of the Treasury Henry Morgenthau, Jr., announced.

The new money, which will differ from the existing paper certificates in design but not in size, is being prepared because the treasury has adopted a new method of printing on the bills the signatures of the secretary of the treasury and the treasurer of the United States. Instead of being engraved on the dies the signatures will be printed from steel engravings just before the bills are issued.

Seizing upon this opportunity to change the design of the money, the treasury has placed on the back of the bill a reproduction of the Great Seal of the United States, picturing the reverse side of the seal for the first time in the history of American currency.

The front of the Great Seal is the familiar American eagle with a shield, grasping an olive branch in one talon and arrows in the other talon, surmounted by 13 stars and the Latin motto, "E Pluribus Unum."

The reverse of the Great Seal, used for the first time on money, shows an unfinished pyramid, surmounted by an eye in a triangular glory. The pyramid bears in Roman numerals the year of the Declaration of Independence, 1776. Above the eye is the Latin motto "Annuit Cœptis," rendered as "He (God) was favorable to our undertakings." The motto at the bottom is "Novus Ordo Seclorum" and is translated as "A New Order of the Ages." The eye and triangular glory symbolize an all-seeing Deity.

The pyramid is the symbol of strength and its unfinished condition denotes the belief of the designers of the Great Seal that there was still work to be done. Both the mottoes on the reverse of the seal are condensations of excerpts from Virgil's Aeneid.

The first committee on the Great Seal was formed on the afternoon of July 4, 1776, and consisted of Benjamin Franklin, Thomas Jefferson and John Adams. The Great Seal as finally adopted was largely the work of Charles Thomson, secretary of congress, and William Barton, a private citizen of Philadelphia. The design was officially adopted on June 20, 1782, by fundamental law. The Great Seal was again ratified after the Constitution was adopted in 1789.

Increased Air Mail Use  
Due to Cut in Postage

Chicago.—Record air mail loads are being transported by United Air lines, which flew 638 tons in the last three months contrasted with 422 tons in the same period of 1934, President W. A. Patterson announced. A ton is equivalent to 60,000 pieces of mail, a total of 38,280,000 letters and packages carried by United in the past three months. The increased mail loads, however, do not mean increased income for United, which is paid on a per-mile basis rather than on a poundage basis. The increase is attributed largely to reduction of air mail postage to 6 cents an ounce and faster schedules, including overnight movement of mail from the Atlantic seaboard, Great Lakes and Middle West points to every city of 100,000 population in California, Oregon and Washington following United's recent schedule changes.

## Fight White Snail Pest

## With Flame Throwers

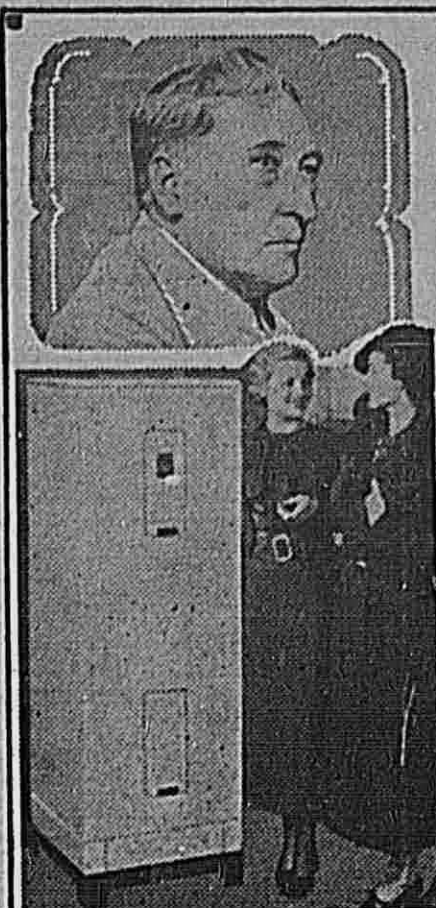

San Pedro, Calif.—Using flame-throwers, one of the new developments of modern warfare, state and county agricultural men are fighting a long drawn battle against an army of white snails.

The snails dot the earth in clusters like white grapes, cover weed stalks and climb even to the crossbars of telephone poles. They have made damaging inroads on crops.

Crews with a special truck bear the hillside with huge torches. The campaign of burning and poisoning is expected to last at least one year.

## Find a Strange Penny

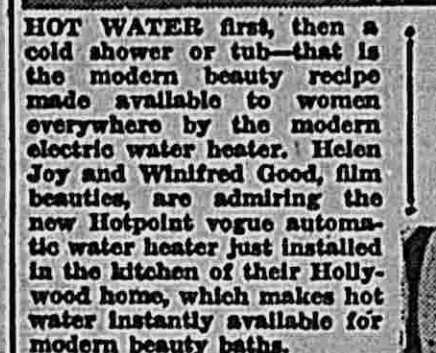

Chicago.—When William Carroll counted his change he found a strange coin. It is the same size as a penny. On one side is a portrait of Benjamin Franklin. Engraved on the other side are the words, "A penny saved is a penny earned."

THE NEWS  
SNAPSHOTS

**TO INVESTIGATE NAZIS**—Sen. Wm. H. King of Utah, who will soon introduce a resolution in the Senate, seeking an inquiry as to whether the U. S. is warranted in severing diplomatic relations with Germany because of the persecution of Jews and Catholics there.

**WINS MEMORIAL EXTENSION COMPETITION**—Gifted New York artist, Hans C. C. Holmer, won the competition for designing a seal for the Memorial Extension Commission, symbolizing its task of making Americans more conscious of their duty to memorialize the dead. The eloquent simplicity of his Eternal Flame design (insert) has been highly praised.

**HOT WATER** first, then a cold shower or tub—that is the modern beauty recipe made available to women everywhere by the modern electric water heater. Helen Joy and Winifred Good, film beauties, are admiring the new Hotpoint vogue automatic water heater just installed in the kitchen of their Hollywood home, which makes hot water instantly available for modern beauty baths.

**INJURY MAY AFFECT Yanks Chances**—Johnny Allen, who has been the most consistent winner of the N. Y. staff, has torn a shoulder muscle.

**KEEPING THEIR CHINS UP**—A close finish in an exciting egg and spoon race at Clintonville, England.

**THE OLD MAN TELLS THEM HOW**—Harry E. Wilken, Sr., of the famous Wilken family, who has distilled 350,000 gallons of whiskey, more than any other living person, and is still at it. He gives his two sons, Harry, Jr., William and his son-in-law, T. J. McConville, the low-down on how good whiskey is made.

**ATTEMPTS CHANNEL SWIM**—Miss Eva Morrison, long distance swimmer of Boston, Mass., is now at Deal, England, preparing for her Channel crossing; she is 25 years old.

## LAKE VILLA

The Ladies' Aid Society will serve a dinner at the Daube Cafe on Saturday evening, Sept. 21, from 6 o'clock until all are served.

Mrs. Mary Kapple is spending the week with her daughter, Mrs. Paul Avery.

Miss Bertha Cremin has entered St. Theresa hospital in Waukegan for a nurse's training course.

Mrs. Emma Hall and family have vacated the Richards house which they have occupied for some time and are living in the Potter house on the same street.

Mr. and Mrs. Lloyd Atwell are receiving congratulations on the birth of a son at the Victory Memorial hospital on Sunday, Sept. 1st.

Mr. and Mrs. James Atwell are visiting the Glosser families in and near Maywood this week.

Miss Mary Kerr was the guest of her sister, Mrs. Spring at Millburn, last Friday.

Rev. DeSels and wife spent Monday afternoon in Evanston.

Mrs. Inez Manzer of Waukegan was in the village Monday on business.

Mr. and Mrs. James Kerr and Mr. and Mrs. William Weber and children visited the George Mitchell family in Chicago on Sunday. Ray Kerr, who has an office in St. Louis and was in Chicago for the day, also spent the day with the family.

Miss Ruth Perry who has been teaching at Town Line school near Gurnee, has resigned that position to accept that of seventh grade teacher at Antioch.

Miss Jule Hall, a graduate of Grant high school, expects to enter Northwestern University at Evanston as a freshman very soon and Jean Culver of Antioch high school, will enter Beloit college within a few days.

The local fire department was called to the Carl Choep farm which is on the E. E. Lehmann estate, to

put out a fire which threatened the garage and other buildings last Thursday, when the family car burned. It is thought that a cigaret stub was the cause of the fire.

The local cast which produced the home talent play, "Here Comes Charlie," gave the play at Grays Lake on Tuesday evening to a good audience and on Friday night will produce it at Millburn at the Masonic Hall and the public is invited to enjoy a pleasant evening. It was necessary to change one of the cast, as Jean Culver, as "Charlie," is entering Beloit college very soon, so Mrs. William Nelson was kind enough to accept the part.

## MILLBURN

The fifty-sixth wedding anniversary of Mr. and Mrs. J. H. Bonner was celebrated at their home Tuesday evening with their children and grandchildren present.

Mrs. Edwards returned to River Forest, Sunday, after spending the summer with his grandparents, Mr. and Mrs. D. B. Webb.

Mrs. J. Kalut attended the Warren cemetery society meeting at Gurnee on Wednesday.

Guests for dinner at the Carl Anderson home were Mr. and Mrs. Floyd Wetzel and family and Mr. and Mrs. Johnson of Chicago and Mrs. Wetzel's brother's family, Mr. and Mrs. Hoyer from Burlington, Wis.

Mrs. Jessie Low is spending several weeks with her nephew, Alex Low in Lake Forest.

Mrs. John Clark is visiting relatives in Chicago.

William Bauman and Glenn Strang leave Thursday to enter the University of Illinois as freshmen.

Mrs. E. A. Martin and Richard spent Thursday afternoon and evening in Chicago.

Marie Hauser was absent from

school Friday and Monday due to illness.

Miss Mary Kerr of Lake Villa spent Saturday with her sister, Alice Spring. Mr. and Mrs. George White and sons returned Sunday evening from a splendid two weeks motor trip through the west. In addition to visiting Mr. White's sister, Mrs. Carl Neuman in Boulder, Colorado, the Harry White family in Lyons, Nebraska, and the Ernest White family in Kallispell, Montana, they visited Yellowstone National Park and other places of interest.

Miss Katharine Minto has returned to her school work at Davis, Ill.

Bernice and Juanita Clark, Ruth and Donald Minto, Donald Truax, Glenn Strang, Evelyn Miller were among the young people from Millburn C. E. Society who attended the all day conference at Hastings Lake on Saturday.

Miss Vivien Bonner and Mrs. Emmett King of Hickory Unit of Home Bureau attended a district organization meeting at Carpentersville, Ill., Wednesday.

The Junior Christian Endeavor Society is sponsoring a play at the Masonic Hall Friday evening. This play is "Here Comes Charlie," given by the young people of the Lake Villa church. Admission 25 cents.

## Origination of Sweet Corn

Sweet corn is thought to have been cultivated in the United States in the first half of the Nineteenth century. It is apparently an offshoot of field corn, whose accidental sweet grains the Indians did not trouble to propagate. Only the white man noticed the delicate difference and grew sweet corn for his own use, leaving the field corn for animals.

## Horse Trainers' Companions

A competent horse trainer averages 25 horses in his stable. Some care for as many as 40.

**Propulsion of Fish**  
Propulsion of a fish, for the most part, is derived from the posterior part of the body and the caudal fin, due to a series of alternate contractions of the strong muscles on the side of the trunk to the tail extremes. The tail moves to and fro not unlike an oar blade being used in sculling a boat.

**Do Not Need Summer Time**  
The northern countries of Europe, such as Sweden, Norway and Scotland, do not adopt summer time, as daylight extends well toward midnight and starts again several hours later. Near the Arctic circle daylight is practically continuous throughout the summer time.

## Now Is a Good Time to Put up Relishes for Winter Months

**Ripe Cucumber Pickles**  
Peel and cut into strips an inch wide and two or three inches long. Cook these slowly in weak brine until clear and tender, adding a bit of alum about the size of a bean to make them crisp. Make a pickle of one quart vinegar, three pounds sugar, some stick cinnamon broken in small pieces and a few whole cloves. Boil for five minutes, put in drained cucumbers, boil up once, and seal while hot, putting cinnamon and two or three cloves in each jar.

**Apple and Horseradish Sauce.**  
To a cup of thick, slightly sweetened apple sauce, allow one tablespoon horseradish. Mix well. This makes a fine relish with rich dishes, such as roast pork or roast duck. The amount of horseradish may be lessened if it is very strong.

**Green Pepper Relish.**  
1 dozen medium-sized green peppers  
6 1/2 cups sugar  
1 1/2 cups cider vinegar  
1 cup liquid pectin.

Wash the peppers, cut into halves, remove the seeds, then pass the peppers through the fine knife of the food chopper. If necessary, pass them through twice to insure a fine cut. Drain off most of the juice, then measure the peppers—there should be two cups. Place sugar, peppers and vinegar in a large preserving kettle, bring to a rapid boil, then keep very hot uncovered but without boiling for 15 to 20 minutes, stirring occasionally. Return to the fire and again bring to a rapid bubbling boil. Cook for two minutes, remove from the fire and stir in the pectin. Skim and stir steadily for five minutes, then pour into sterilized glasses and cover with hot melted paraffin wax. If desired, part red and part green peppers may be used.

**Lemon Catsup.**  
Grated rind of 4 lemons  
Juice of 4 lemons  
1 tablespoon grated horseradish  
1 teaspoon salt  
4 cloves  
2 teaspoons whole white mustard seed

2 teaspoons celery seed  
2 blades mace  
1/6 teaspoon cayenne.  
Place all ingredients together in saucepan, simmer 20 minutes, bottle, seal and let stand at least three weeks to ripen.

Use as a savory addition to mayonnaise or as a spicy relish for service with oysters or fish.

**Canned Stewed Tomatoes.**  
Peel the tomatoes and slice them into the preserving kettle. Bring them slowly to a boil, stirring frequently. Let them boil for five minutes after the boiling point is reached. Pour them into sterilized jars and seal. If desired, the tomatoes may be seasoned with salt just before they are poured into the cans. They will keep just as well without the salt, however.

It is well to put up some pint cans of stewed tomatoes that have been rubbed through a colander. It takes but a few moments longer to strain the tomatoes when hot and the mixture is then ready for use in soups and sauces.

**Mustard Pickles**  
3 dozen small cucumbers  
3 pint button onions  
2 large cauliflower  
2 quarts green tomatoes  
2 green peppers  
1 cup dry mustard  
1 tablespoon turmeric  
1 cup flour  
1 1/2 cups sugar  
4 quarts vinegar  
Salt

Cut all the vegetables except the onions into very small pieces, (the onions should be used whole), and soak over night in brine strong enough to float an egg. In the morning, bring all together to boiling point and then drain thoroughly. Mix the mustard, turmeric, flour and sugar to a smooth paste with three cups vinegar, then add it to remaining vinegar which has been brought to boiling point. Cook, stirring constantly, for 20 minutes, add the vegetables, and when cold, pack in jars and seal.

**Cold Tomato Relish.**  
Scald and skin 1 peck ripe tomatoes. Dice them or put them through the meat grinder. Add one cup of salt and let them stand over night. Drain thoroughly. To the drained tomatoes, add two cups of chopped celery, two cups of chopped onions, six red peppers chopped fine, 1/4 cup mustard seed, two cups sugar, one level teaspoon cinnamon, one level teaspoon cloves and one quart vinegar. Mix well and put into jars or bottles without heating. Those who like a hot relish will find this very good.

**Chowchow**  
Chop one peck of green tomatoes, three medium-sized onions and six green peppers from which the seeds have been removed. Mix thoroughly and boil for three minutes in three quarts vinegar. Drain off the liquid and throw away. Then to three quarts new vinegar add, when scalding hot, 2 cups sugar, one cup mixed mustard, one tablespoon cloves, three tablespoons cinnamon, three table-

## My Favorite Recipes

Frances Lee Barton says:

**EVER** since I discovered the quick easy way to put up my own jellies and jams, I've felt so rich! When I go into my cellar these days I find neat rows of simply grand looking jars. You'll find this Sour Cherry Jelly a delicious standby; it's tart enough to go with meats and yet not too tart for biscuits and bread and butter. That bottled fruit pectin has saved simply quarts of berries and juice I'd have lost by putting up my fruit the old, hard way.

**Sour Cherry Jelly**  
3 1/2 cups (1 1/2 lbs.) juice: 7 cups (3 lbs.) sugar: 1 bottle fruit pectin.  
To prepare juice, stem and crush about 3 pounds fully ripe cherries. Do not pit. Add 1/2 cup water, bring to a boil, cover, and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice. (For stronger cherry flavor, add 1/4 teaspoon almond extract before pouring hot jelly.)

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 10 glasses (6 fluid ounces each).

spoons salt, and pour over the potatoes while hot.

The chowchow may be sealed in glass cans, but it will keep perfectly in a covered stone jar if the jar is set in a cool place.

**White Pickle**  
Chop twelve large ripe tomatoes. Put twelve large cucumbers and twelve large onions through the meat grinder. Salt the cucumbers and onions and let them stand one hour. Strain off the juice. Add the meaty part of the tomatoes and cover with vinegar. Season with two tablespoons sugar, two teaspoons celery seed, one teaspoon curry powder and one teaspoon red pepper. Mix all the ingredients in the preserving kettle, bring to a boil and can and seal while hot.

**Chopped Raw Pickle**  
2 quarts green tomatoes  
2 1/3 cup grated horseradish  
2 onions  
2 heads celery  
2 red peppers  
1 quart vinegar  
1 cup sugar  
2 1/2 cup salt  
1/2 cup mustard seed  
1/2 teaspoon ground cinnamon  
1/2 teaspoon ground cloves  
1/2 teaspoon ground ginger  
1/2 teaspoon ground mace.

Chop the tomatoes, onions, celery and peppers finely, grate the horseradish and sprinkle the salt over all; then tie the chopped vegetables loosely in a square of cheesecloth and allow them to drain for several hours, after which put them into a stone jar, add the mustard seed and spices and pour the vinegar over. Cover, then stir thoroughly every day for one week.

**Sweet Pickle Sirup**  
7 cups sugar  
1 quart cider vinegar  
1 cup mixed pickling spices  
2 teaspoons salt  
Put all the spices together in a square of cheesecloth and tie them loosely. Cook the vinegar, sugar and spices together for 20 minutes, removing any scum which rises to the surface. The sirup is now ready for the fruit—the quantity of sirup given being sufficient for seven pounds, which should be firm and well washed but not pared, nor the seeds or pits removed. Cook the fruit and sirup together gently until the fruit is clear and tender, turn into jars and cover closely.

**Pepper Hash**  
12 red peppers  
12 green peppers  
3 pint vinegar  
12 onions the size of a small egg  
2 cups sugar  
3 level tablespoons salt.  
Remove the white fiber and seeds from the peppers. Peel the onions, chop all finely, then pour boiling water over them. Let stand five minutes and drain. Cook together the vinegar, sugar and salt, add the peppers and onions, boil up once, turn into sterilized jars and seal as in canning. This makes a delicious and colorful pickle, to be used either at luncheon or dinner.

**Colors for Walls**  
Colors for painted walls are classed by psychologists as "advancing and receding" warm and cool, depressing and cheerful. Yellow, red and orange, for example, are said to be "advancing" colors, and serve to make a room seem smaller. Blue, green, and gray are cool and receding and are therefore suited to small, sunny rooms.

**Petroleum Is Greenish-Black**  
Petroleum is a fairly thick, greenish-black liquid. It is viscous, meaning that it clings to anything it comes in contact with. And the thicker it is the more viscous or sticky, which means that the oil's flowing ability is decreased.

**The "Maccabees"**  
The "Maccabees" were a family of Jewish leaders of Bible times.

## Preserves May Be Quickly, Easily Made

Fresh fruit time is here, and with it the time to put up those delicious jams and preserves that will taste ever so good this fall and winter. You'll find that these recipes are easy to follow and easy to prepare:

**Plum Conserve**  
5 pounds blue plums  
4 pounds sugar  
1 1/2 pounds seeded raisins  
Juice of 3 oranges  
Rind of 1 orange  
Juice of 2 lemons  
Pit plums but do not peel. Dissolve sugar in the fruit juice and add the plums and raisins. Cook slowly until the consistency of jelly. Pour into sterilized glasses and seal.  
Rhubarb and Pineapple Marmalade  
1 quart fresh pineapple  
4 quarts rhubarb  
Juice of 2 oranges  
5 cups sugar  
1 cup nutmeats.

Pare pineapple and cut into small pieces. There should be four cups. Cut rhubarb into cubes. Cook rhubarb, pineapple, orange juice and sugar until the mixture is thick, stirring occasionally to prevent burning. This will require about 2 hours. After removing from the fire, add the nut meats cut into small pieces. Pour into sterilized jars and seal.

**Peach Jam**  
4 pounds peaches  
2 pounds sugar  
1 teaspoon allspice berries  
1 inch ginger root  
1 cup peach juice  
3 inch stick cinnamon, broken.  
Skin peaches and remove pits. Chop very fine or put through meat grinder. Tie spices in a cheesecloth

bag. Place all ingredients in kettle. Cook to the jelly stage. Pour into hot sterilized jars and seal.

Too much sugar will make sugar crystals appear when the jam or jelly thoroughly cold. Pear and lemon make a good combination for jelly.

**Don't Boil Coffee**  
The best coffee is produced at temperatures between 185 degrees and 200 degrees F. Boiling should be avoided ordinarily as the desired flavoring oils are thereby boiled away.

**The Riksdag in Sweden**  
The Riksdag in Sweden is particularly notable among European parliaments because it exercises a power greater than that even supposedly held by the throne. The king governs by the consent of the governed, not by divine right, the governed being represented by this all-powerful assembly. The monarchy could be abolished and a republic established by the vote of two consecutive Riksdags between which there had been a general election.

**The Lizard Canary**  
Though smaller than the Norwich, the lizard canary resembles the latter variety somewhat in build. It is not so full in the neck or so large in the head, however. English breeders say that the first lizard canaries were brought to their country by the Hugonots when they fled from the continent, and these birds probably made their first journey to America via the British Isles.

**Ape on Military Duty**  
Gibraltar is probably the only place on earth where the ape is kept for its military usefulness, for long ago they warned the guard of an invasion that was frustrated.

**"Vanishing Americans"**  
The Indians have been called the "vanishing Americans."

## FOOD MARKET Advice-

SINCE hogs have reached a five year high, PORK, smoked pork and other pork products, including the hog, are high and prices are rising. Lower prices can not be anticipated before next spring. LAMB prices, however, went considerably lower and it is the most economical meat on the market. BEEF chuck is somewhat lower and VEAL is slightly cheaper.

**BROILING CHICKENS AND DUCKS**  
offer unusually good value for poultry. FOWL are none too plentiful but are moderate in price. Several varieties of FISH are inexpensive. The best quality EGGS are a little higher, standard eggs are relatively inexpensive. Hard-cooked or stuffed eggs add to the appearance and nourishing quality of cold plates. Omelets have an appeal to heat desatened appetites that balk at less airy foods.

**Tragedy and Wicketon Plums**  
Outstanding  
Of the dozen plus varieties of PLUMS in market Tragedy, a big blue plum, Wicketon, a green, and Burbank, a red variety, are outstanding. PEACHES are almost as plentiful this week as last, though the orchards harvested are farther north.

STRAWBERRIES are back in market but are coming from California. The Bartlett PEAR season has

opened as the APRICOT season closes. The sweet CHERRY season is also about over.

Valencia ORANGES are somewhat lower, LEMONS remain high due to continued hot weather in spite of heavy supplies. LIMEES are also popular for cooling drinks. APPLES and MELONS are plentiful and inexpensive.

**Peas and Corn Cheap**  
Green PEAS are again plentiful and cheap. They go particularly well with lamb, poultry and fish. Both white and yellow sweet CORN are plentiful and cheap. LIMA BEANS cost less and are more plentiful than last week. Good GREEN BEANS are inexpensive.

TOMATOES are plentiful but their quality has been affected by the moist hot weather. LETTUCE is somewhat cheaper. CAULIFLOWER is arriving from California.

Here is menu\* made up from seasonable foods which are moderate in price.

Jellied Consomme  
Broiled Chicken  
Green Peas  
Tomato Salad  
Bread and Butter  
Plum Cobbler  
Coffee (hot or iced)

\*This menu tested and tasted in the A&P Kitchen.

## Delinquent Special Assessment List

OF GRUBB SCHOOL DRAINAGE DISTRICT, LAKE COUNTY, ILLINOIS

STATE OF ILLINOIS, COUNTY OF LAKE ss.

Public notice is hereby given, that Allen J. Nelson, County Treasurer and ex-officio County Collector of Lake County in the State aforesaid, will apply to the County Court of said County, at the October term, A. D. 1935, thereof for judgment against the lands and lots mentioned and described in the following list of delinquent lands and lots in the Town of Antioch for special taxes and special assessments due for the year 1934 and previous years, together with interest and costs due severally thereon, and for an order to sell said lands and lots for the satisfaction thereof.

Public notice is also hereby given that, on the second Monday, next succeeding the date fixed by law for the commencement of such term of said County Court, to-wit, on the 14th day of October, A. D. 1935, all the lands and lots, for the sale of which an order shall be made, will be exposed to Public Sale in the County Court Room, in the building where said County Court is held in said County, in the Court House at Waukegan, in said County, for the amount of special taxes, special assessments, interest and costs due severally thereon, except such shall have been paid at said time of sale. Said sale shall commence at nine o'clock A. M. Central Standard Time on said 14th day of October and continue from day to day until the same shall be completed and if for any cause such judgment shall not be rendered at the said October term, then said sale shall be made on the Second Monday after the first day of the term at which such judgment shall be rendered commencing at nine o'clock in the forenoon of such second Monday.

Payment of delinquent special assessments may be made to the collector of said District any time prior to date of such tax sale.

IN THE COUNTY COURT OF LAKE COUNTY, TAX JUDGMENT SALE, REDEMPTION AND FORECLOSURE RECORD

To whom assessed Description of Property Inst. No. is asked

C. L. Van Patten The west 18.50 acres south of the highway of the SW 1/4 of the SE 1/4 of Sec. 23, Twp. 46 N., R. 10 E. of 3rd P. M., Lake County, Illinois. 8 \$63.51

(Arthur W. Wallace now owner) 9 \$17.74

10 \$47.90

Gorm Anderson The west 1/2 of the NE 1/4 North of the center of the road of Sec. 27, and also the SW 1/4 of Sec. 22, all in Twp. 46 N., R. 10 East of 3rd P. M., Lake County, Ill., excepting right of way for ditch as shown by official map of District. 10 \$204.09

STATE OF ILLINOIS, COUNTY OF LAKE ss.

I, W. F. Ziegler, hereby certify that I am the Collector of the Grubb School Drainage District, County of Lake and State of Illinois, and as such the keeper of the records of said office and that the foregoing is a list of the delinquent lands and lots upon which special taxes and assessments remain due for the year 1934 and previous years, together with the owner's name, if known, and the amount due thereon for special assessments.

Dated at Antioch, Illinois, Lake County, this 10th day of September, A. D. 1935.

(Signed) W. F. ZIEGLER, Collector.

Subscribed and sworn to before me this 10th day of September, A. D. 1935.

GRACE DROM, Notary Public.

Coal to Last 550 Years

## You're Both Buyer and Treasurer, Mr. Farmer

You run every department of your business yourself. Thus you are a whole business enterprise in one man. Two of your important jobs are buyer and treasurer. In both these jobs your "right hand man" is your farm telephone. As treasurer you'll appreciate the many services your telephone performs at such low cost, and the savings and profits it brings. As buyer you can search the markets by telephone for the best "buys" in supplies, feed, seed, clothing, groceries, tools and other needs. Your telephone never is too tired to run another errand. Simply as a protection for family, home and property it is worth far more than its small cost. And it shows a profit in dollars and cents as well. It pays to have a telephone. Order today.

## Hair Superstitions Hit

According to a scalp specialist: Singeing doesn't make the hair healthier. Shaving the scalp or cutting doesn't cause faster growth. Worry or shock cannot turn the hair white. When a white hair is pulled out two will not grow in its place. Baldness is not hereditary. Brain work is not a cause of baldness. Blondes are more apt to become bald. Cases of people being "scared baldheaded" are mythical. Hats do not cause hair loss. Red hair doesn't indicate quick temper. The hair doesn't grow after death. A hair cut will not weaken a small child. The hair is entirely dependent on the scalp for growth and health.

## Trim Zoo Animals' Toenails

Animals of zoo exhibits have to have their toenails cut, the reason being that they do not get enough exercise to keep the nails sufficiently worn down, and if the nail or claw were allowed to grow it would in time turn inward and lacerate the flesh. This operation is rarely an easy task for the keepers, but it is part of their daily work and must be done.

## ILLINOIS EMERGENCY RELIEF COMMISSION INVITES BIDS FOR RELIEF COAL

Bids for relief coal for burning season of 1935 and 1936 will be received and publicly opened on Monday, September 23rd, 1935 at Nine o'clock A. M. by the Procurement Department, 1319 South Michigan Avenue, Chicago, Illinois. Blank bid forms with specifications and general conditions may be had at the office of the County Administrator, (Business Office) 325 West Washington Street, Waukegan, Illinois, or from the Procurement Department at 1319 South Michigan Avenue, Chicago, Illinois.

R. J. CHESBRO,  
Director of Procurement.

Dr. Rosen, Reg. Optometrist of Chicago, will be in Antioch every Monday from 10 to 4. Office at 1012 Main street. For appointment call Antioch 201-J. Will call at your home without extra charge. (1f)

SPECIAL—New selection of Fall collars, 59c. Others to \$1.50. MariAnne's, Antioch.

## FINAL WARNING

Any person or persons seen trespassing on my property on Spafford street, Antioch, will be prosecuted according to law, after this date, Sept. 13, 1935.

JAMES TODD,  
Richmond, Ill.

The Eastern Star will hold a public card party in Masonic hall, Friday, Sept. 20th, 8 P. M. Price 25c. (5p)

MONEY TO LOAN, on farms, homes or cottages, reasonable terms. S. Boyer Nelson. (37lf)

## FRED ASTAIRE HURDLES "TOP HAT"

A spectacular leap by Fred Astaire in one of his dance routines that are featured with Ginger Rogers to the rhythmic melodies of Irving Berlin in the new RKO-Radio musical comedy, "Top Hat," which opens Saturday at the Kenosha Theatre.

## First Use of Name "Velocipede"

The name "velocipede" was first given to the contrivance of the Frenchmen Blanchard and Mazurier, introduced in 1779. It consisted of two wheels placed tandem and connected by a horizontal bar upon which the rider sat astride, propelling the machine by a motion of the legs as in walking, but pushing forcibly backward upon the ground.

## The Barb Horse

The Barb belongs to the barbary breed of horses introduced by the Moors into Spain, and of great speed, endurance and docility. This breed is said to be a variety of the Arabian, and most of the progenitors of the present thoroughbred were of the same strain.

## Dog Tends Telephone

for His Deaf Master

Berlin.—"Dixi the watchman," an Alsatian wolfhound aged six, has been trained as the perfect companion for the deaf and dumb. His owner, Johannes Hull, has taught him to:

Obey signs made with the fingers; wake his master when the alarm clock rings; fetch him to the front door to answer the bell, answer the telephone.

When the telephone rings, Dixi takes the receiver off and runs barking furiously to attract the attention of his master. Sound vibrations of the telephone are sufficiently amplified for a deaf man to comprehend them.

Dixi is occasionally nonplussed when a bicycle bell rings in the street. He does not know whether to run to the telephone or to the front door.

## A Holding Company

A government official defined the holding company as follows: "The holding company may be defined as any company which, by virtue of its ownership of securities, is in a position to control or substantially influence the management of one or more other companies; that is, a holding company is different from a mere investment company. An investment company would do and without any purpose of determining the policy of the management. But when a company by virtue of its ownership of securities is in a position to control or substantially influence the management of another company it is properly classified as a holding company."

## Big Negro Beats Up 34 When He Is Put in Jail

Knoxville, Tenn.—A negro's fight against 34 in the Knoxville jail may start him on the road to fame in the prize ring.

Roosevelt Sharp, 200 pound former broncho buster and rope thrower with a wild west show, went to jail in a charge of trespassing. He wore a ten gallon hat, wide leather belt, and the trappings that help make a westerner look wild.

He was put in jail with 34 other negroes. They spotted the hat, talked it over, and decided to have some fun. One man started toward him and was knocked out with one punch. Then every prisoner in the cell, armed with mops or what they could clutch in the rush, ganged Sharp.

Deputies arrived soon, but not soon enough. There were 34 negroes scattered over the cell, and one, Sharp, was leaning against the bars grinning. "Take him out of here," yelled the rest.

## French Law Courts at

Last Bow to Stenography

Paris.—Although French justice dislikes innovations, modern progress cannot entirely be ignored, and the clerks and registrars at the city hall have been officially notified that they must either learn to use the typewriter or provide themselves with typists.

For centuries every official statement was written out laboriously by hand, but authorities have concluded that the use of shorthand and typing is quicker. The new system applies particularly to examining magistrates, who have formerly put their questions to an accused person or witness, then repeated the answers to an assistant who made the record of the case in longhand.

## Explorer Declares

Lions Are Too Timid

Johannesburg.—An American film producer, who traveled 6,000 miles through Wildest Africa with cameramen and the usual film equipment, complains that the lions were too shy to "do their stuff" in his picture. The producer, James A. Fitzpatrick, has been getting "background" scenes for a film to be based on the life of David Livingstone. "Every time we got near them with the cameras, the lions cleared off into the dense bush," he said.

Stevenson Wrote Jekyll-Hyde  
The story of "Dr. Jekyll and Mr. Hyde" was written by Robert Louis Stevenson.

## Alexander Carpet Co. Opens Floor-covering Branch in Lake County

Realizing the vast market for their products in Lake county, the Alexander Carpet company of Chicago opened a branch store this week at 109 S. Genesee st., Waukegan, with Alexander Winsberg as manager of the district. The company specializes in everything for floor-coverings and is the only exclusive store of its kind in the county.

## Still Live in Caves

Visitors to the Touraine region of France to see the palatial chateaus which dot the district find people living in caves. At various places along the Loire notably near the ruins of the Cinq-Mars-la-Pile, at Chinon and Langeais, are the homes of these Twentieth century troglodytes, whose chambers are cut out of limestone rock. Many of the caves apparently are occupied by people in comfortable circumstances, for the rooms are ornamented and embellished. There are several miles of such homes, where people burrow into hills like moles and pride themselves on their residence.

## Known in Egypt

The electric catfish was well-known to the ancient Egyptians, who depicted it on their mural paintings.

## Channel Lake Beats Silver Lakers, 6-4

The Silver Lake bats were about as useful as a moth ball in a nudist colony Thursday evening when the softballers of the Channel Lake A. C. went gunning across the state line and brought home the long end of a 6 to 4 decision.

The main reason for the Silver Lakers' inability to use their bats was Jack Krause who was on the slab for the westsliders. He has the Wisconsin lads reading Houdini's book of tricks to see if there's any way of extracting base hits off Channel Lake's hurler who faced 34 of their batters, collected 21 strikeouts and allowed 2 dummy hits. One of the hits, by Richards, accounted for the three runs as three mates were on the bags at the time.

Sluggo Elmer Smith came through for Channel Lake in the 6th with a circuit clout that brought in Folbrink and Pachey ahead of him. Then Pitcher Krause got on in the same session with First-sacker Masters bringing him home with another homer. Fox scored the other CLAC run in the 8th when the Silver Lake pitcher walked him across the plate.

Box score:  
CLAC 000 005 010—6 9 0  
Silver Lake 000 000 031—4 2 0
